

Preparatory Strands of a Global Government

Scripture makes it clear that, at the end, an antichristian world government will dominate society and will persecute Christians. Attempts at universal empire have been made throughout history, all thwarted by God in due course, but at the end God allows man to dominate the world in a sinful world government in service to Satan for a restricted time. There will be two arms to this government: a political wing controlling politics, government, trade and commerce; and a religious wing based on an ecumenical worship of Satan founded on policies of mysticism and idolatry. This is pictured for us forcibly in Revelation, especially in chapters 13 and 17. Christians are commanded to watch and to pray as these days grow nearer; sadly many believers do not heed this command of the Lord and even join forces with the enemy in supporting prefatory bodies without realising the danger. In this diagram I offer my opinion regarding some of the processes and bodies leading up to this. It is not a complete evaluation, nor even a full summary, it is simply a summary of those I am aware of to some degree.
