# Introduction

There are some people in the truthing community that seek to be positive in the face of serious problems coming down the line. They declare that, '*We will win*', in the face of the oppressors that rule over us, affirming that this or that victory is about to occur.

This reminds me of the paper I wrote recently explaining the dangers of unfounded positive thinking. Such false hopes do no good and actually harm people when their hopes are dashed and the disappointment sets in. We must always focus upon the truth and reality of a situation, not what we want it to be.

In facing the truth, we can thus prepare for what is coming and ensure that we survive, even in the face of overwhelming odds. Hiding our heads in the sand will do no one any good.

Much as I love and respect these over-positive truthers, I must dissent and explain that what is being prepared by the cabal for this year is very serious and we must all prepare, in a variety of ways, now. The Elite cabal are engineering depopulation, a world war, food scarcity, medication shortages, outlawing of supplements, energy poverty, sudden death, exacerbation of serious illnesses, infertility, radical censorship of information, growing totalitarianism, persecution of truth-tellers and more. Not much to be positive about.

If possible I want to keep this paper concise. I have written on many of these subjects before and multiple issues have to be played out yet and may take twists and turns. Here I simply seek to point you to issues that you need to look into for yourself.

The cut-off point for news data in this paper is around the beginning of March 2024.

# Background

## Key element: depopulation

The next few years are critical for the plans of the Elite cabal. 2030 is the year when a number of issues on the Elite agenda fulfil the first phase of global reconstruction (as per UN Agenda 2030). Some of their plans are behind schedule.

Key to achieving their goals is planetary depopulation. The target of the cabal is a world population of around 500 million (not 7.5+ billion). I have explained this with proof and quotations<sup>1</sup> many times so I will not rehash that here. A UN document called the years 2024-2026, '*the killing times*'; this caused such a furore that it was removed.

The Deagal<sup>2</sup> website (a source of and for intelligence agencies) stated that all western continents would see huge drops in population by 2025;<sup>3</sup> again this raised so many eyebrows that it too was removed. Clearly, those in power plan to eradicate large portions of the global population in the next two years. The UK population will crash by over 70% by 2025 according to authorities. Do you realise that, if true, this means that out of every four people you know, three will die in the next year.

This explains why crazy policies are being enacted (such as crashing the food supply chains and eradicating farmers). Here is a short list of methods by which the cabal slowly kills people.

- Poisoning the air you breathe through stratospheric aerosol injection (chemtrails). E.g. using aluminium oxide, which causes Alzheimer's.
- Poisoning the drinking water supply with additives like fluoride or not properly filtering out harmful contents, like parasites, particulates and chemicals.
- Poisoning the food supply. There are multiple aspects to this, most of which cause cancer. For example, GMO-derived foods contain high levels of glyphosate (nearly all Western corn, oats and soy contain high levels of glyphosate).
- Toxic medications. There are multiple variants of these including vaccines which give you cancer, drugs that lead to heart attacks, drugs that suppress the immune system and so on. The Covid vaccines alone had scores of ingredients that all caused different maladies, such as myocarditis, pericarditis, deafness, paralysis, heart attacks, blindness, strokes, anaphylaxis, stillbirths, and death. Vaccines are, and will be, the key trigger for depopulation (see later, 'Sudden death').
- Toxic household products. All sorts of items contain harmful chemicals. Even talcum powder was proved to cause cancer.
- EMF radiation. All digital devices using broadband, Blue Tooth and Wi-Fi emit radiation. For example mobile 'phones cause gliomas (brain cancer). 5G is highly dangerous and can kill if output power is high enough.

---

<sup>1</sup> E.g., 'A total world population of 250-300 million people, a 95% decline from present levels would be ideal.' Ted Turner, (founder of CNN) interview in *Audobon* magazine.

<sup>2</sup> The Deagal Corporation works with the US NSA, the UN and the World Bank. The 2025 depopulation forecast involved the CIA. The post was removed in 2020. It can be found on the Wayback machine.

<sup>3</sup> The UK population was forecast to drop by 77.1%; the US by 68.5%.

The people in power ruling over governments, far from being benevolent, are psychopaths intent on depopulation and a new world order. The factors examined in this paper must be understood in light of the cabal's aims.

## Summary of the cabal's aims

- Overall goal: a new world order ruled by a global totalitarian empire. [*The age of nations must end. The governments of nations have decided to order their separate sovereignties into one government to which they will surrender their arms*'. UN World Constitution.]
- This empire will be Fascist (the state plus corporatocracy).
- It will be Satanic. They call it Luciferianism, with Lucifer as the bringer of light and wisdom. Luciferianism is endemic in Talmudic and Kabbalistic Judaism, Paganism, New Ageism, Gnosticism, Freemasonry and Jesuit religion.
- It will be Technocratic. Its administration will be dominated by digital technology, AI, algorithms, and robotics.
- World depopulation. The cabal is Malthusian – it believes that the world cannot sustain more than 500 million people successfully.
- Eugenics. Undesirable people types will be eradicated. This includes all Black people.<sup>4</sup> Black people have been targeted for sterilisation through vaccine programmes, such as a Bill Gates polio vaccine in Kenya.
- Discriminatory. The cabal will ruthlessly persecute Christians but also religions that will not adopt Luciferian syncretism.
- It will promote a unified world religion based upon Satanism.
- The remaining population (after depopulation) will be the serfs of the new ruling class (the global Elite) in a neo-feudal system. These serfs will do the work that robots cannot do (which is very little).
- The serfs (slaves) will be located in huge megalopolis urban areas connected by super highways. They will have small apartments in tall buildings. Services will be by drone and robots. Serfs will not be allowed into rural areas but restricted to small zones (15-minute cities).
- Every aspect of a serf's life will be monitored and controlled remotely (Internet of People). This will be achieved through Transhumanism, which will make people into cyborgs, part human, part digital machine. This will be implemented through constant vaccines that update the internal operating system. CBDC's will control a person's finances and suspend them for disobedience. Every home appliance will surveil all that happens in the home (Internet of Things).
- The countryside will be rewilded and forbidden to all but the Elite.

## Current aspects of the war against ordinary people as part of cabal control agendas.

- The war on petrol / diesel cars and on personal mobility.
- The war on meat eating.
- The war on farmers.

---

<sup>4</sup> 'We want to exterminate the Negro population.' Margaret Sanger. She was an eugenicist that established Planned Parenthood Federation of America, which focused on abortion. Clinics were set up primarily in Black neighbourhoods.

- The war on Christianity.
- The war on foundational British principles and values.
- The war on free speech.
- The war on medical autonomy.
- The war on the traditional family unit.
- The war on privacy.
- The war on national sovereignty.
- The war on democracy.
- The war on beauty and aesthetics.
- The war on rational thinking.
- The war on biological sex.
- The war on children.

Note that these follow historical agendas, such as those by the Sabbateans, Illuminati, Jacobins, Talmudists, Protocols of the Elders of Zion, and Marxists:

- Destroy Christianity and all religion.
- Destroy all nations and replace them with internationalism (globalism).
- Subdue all people as slaves to a ruling cabal.
- Eradicate private property of the people.<sup>5</sup> [NB. The WEF: ‘*You will own nothing*’.]
- Elimination of the intelligentsia (to prevent revolts).
- Denial of human rights.
- Eradication of the family.
- State control of children.

This was modelled in prototype Marxist states, such as the USSR, Khmer Rouge Cambodia and Communist China; all of which killed millions of people.

## Expressions of the Elite cabal’s power in corporate terms

Bear in mind that all of these are really focused on the implementation of fundamental goals of the Elite cabal, such as depopulation and establishing global government.

### Big Pharma

The global pharmaceutical companies based on the allopathic medical system<sup>6</sup> created by the Rockefellers after 1901.

These wield enormous power and some giant firms on their own rule over national governments and the mainstream media. In the Covid hoax crisis Big Pharma dominated state government and controlled the media narrative to spread lies and deception to create fear for the purpose of making people take vaccine products which killed and maimed, and still do. Vaccines are a key means of depopulation,<sup>7</sup> sterility and sickness.

---

<sup>5</sup> In reality this is the transfer of private property to the state, and thence to the ruling individuals. Note how the Soviet leaders like Lenin stole aristocrat palaces.

<sup>6</sup> Medicine based upon synthetic drugs.

<sup>7</sup> The so-called Spanish Flu pandemic was caused by Rockefeller vaccines.

### **Mainstream media**

All mainstream media is controlled by the Elite through various institutions. One of these is Big Pharma but there are others. For example, the CIA has a history of controlling the media to follow political programmes. This has been confirmed by whistleblowers and political scrutiny over many years. Media outlets have become government propaganda tools.<sup>8</sup>

### **Big Aggro**

The giant concentrated farming corporations.

These huge farming firms focus upon GMO products, pesticides, herbicides, industrialised farming methods and patented seeds. They use systems which are dangerous to human health and also hazardous to animal welfare, such as concentrated populations of chickens or cattle inside industrial sheds fed processed rubbish. Intense agriculture using chemical fertilisers produce slurry, which finds its way into watercourses.

### **The military industrial complex**

Through their control of the US federal government these corporations ensure that huge amounts of taxpayer's money is spent every year on military contracts. This results in the need for constant wars and military operations in order to boost profits and test products. One of the chief reasons for the Vietnam War was to make money from military contracts. President LB Johnson personally profited from his contacts with defence contractors, as did the Neocons behind the Iraq War, Afghan War and the War on Terror.

### **Banking**

Central banks are at the forefront of the Elite control system. These dominate national governments, which now depend upon them to provide currency, creating national debt.

In America this was initiated by a conspiracy in 1913 leading to the creation of the Federal Reserve, which is a private company. Shareholders include the Rothschilds, JP Morgan, the Warburgs and others. The Founding Fathers and the Constitution sought to avoid the usury associated with central banks and have currency issued by the government with no debt.

Central Banks spread to almost all countries. Nations which sought to rebel against the central bank system found themselves being victims of illegal wars (Iraq), military intervention and airstrikes that ruined the country and enabled rebellions (Libya) or fomented coups and civil war (Syria).

The central bank of central banks is the Bank for International Settlements (BIS). This formulates policy and control over global systems.

One of the earliest central banks was the Bank of England which was established partially as a result of the Napoleonic Wars. This became part of the power structure that is the City of London ('The Square Mile'), a sovereign country outside of British parliamentary and monarchical governance with its own laws, taxes, mayor, and sovereignty. It is dominated by the Rothschilds. The City holds power over the British parliament, even having its own

officer present in the Commons ('The Remembrancer') who is not part of any political party or parliamentary office.

### **The financial and trade systems**

The same people that dominate central banks also dominate the financial and trade systems. These control the prices and distribution of gold, silver, other precious metals, diamonds, energy and commodities. They control the stock exchange systems, asset funds and the rest of Wall Street. Key Elite financial fund management companies include BlackRock, State Street and Vanguard.

## **Other aspects of the Elite**

### **Charitable foundations**

These would include the Rockefeller Foundation, the Ford Foundation, The Carnegie Foundation, Open Society (George Soros), the Bill and Melinda Gates Foundation and many more. They produce policy documents to further Elite strategies<sup>9</sup> and also fund various projects worldwide to implement policy, such as controlling vaccine programmes, facilitating illegal immigration or lobbying for climate change agendas.

### **Think tanks**

There are many of these but principal ones would be the Council on Foreign Relations, the Bilderberger Group, the Club of Rome, the Trilateral Commission, the World Economic Forum and so on. These provide policies for governments to follow in certain fields, such as foreign policy, energy systems, environmental issues etc.

### **Secret Societies**

These are clubs where key members of the Elite hang out. They also form recruitment groups to select people for higher things. They perform rituals and initiation rites as part of the Luciferian basis of the Elite cabal. They would include Freemasonry, the Jesuits, the Skull and Bones Group, Rosicrucianism etc.

### **NGOs**

All these are organised to implement Elite strategies by using political pressure.

There are high level political groups such as the UN (to supervise and arbitrate over nations) or the WHO (an arm of the UN to monitor and advise on health and disease) or the IPCC (another arm of the UN to formulate policy on climate change). Note that the leader of the WHO has no medical qualifications and is a former terrorist (allegedly).

Below these are multiple smaller NGOs that are active in implementing specific aspects of Elite policy, such as GAVI or CEPI concerned with vaccine programmes. Another example is Common Purpose, a leadership training programme that recruits and conditions entrants, grooming them for positions of authority in the establishment, especially the police, the civil service, the NHS and the education system.

### **Examples of control systems**

- BlackRock is controlled by Vanguard, being the largest shareholder.

---

<sup>9</sup> This was established by the Congressional Reece Report (Select Committee to investigate tax-exempt foundations and comparable organisations) in 1954.

- Vanguard is secretive but is owned by the richest families on Earth. Their investments are hidden. They include the Rothschilds, Rockefellers, Bill Gates, the Warburgs etc.
- NGOs and foundations transfer tax-free money to Vanguard. They control BlackRock.
- Vanguard and BlackRock control about one fifth of the world's economy.
- BlackRock and Vanguard also own: Berkshire Hathaway, Citi Bank, Bank of America, Chase & Co., Goldman Sachs etc.<sup>10</sup>
- BlackRock and Vanguard can control every country, corporation and institution.
- BlackRock is closely connected to central banks and the Federal Reserve. They lend money to the Fed and advise it.
- BlackRock and Vanguard are the largest donor and biggest controller of the WEF and the UN (plus the subsidiaries GAVI and the WHO). Thus they control Big Pharma and world health.
- The Bill and Melinda Gates Foundation is the largest funder of the WHO (more than many countries). Note that Gates is a eugenicist.
- Gates also controls GAVI. Gates thus has great influence over the world's health. Note that Gates is unqualified in any subject.
- The agenda of these rich creatures is set out in the Club of Rome's (established by the Rockefellers) 'Limits to Growth' (1972) and 'The First Global Revolution' (1991). These propose the eradication of current society in order to build a totalitarian new world order.

## How far does this comply with Biblical data?

Here is the basic eschatological template laid out in conservative Biblical prophecy.

### Key to understanding these prophecies

- Satan = the dragon (Rev 12:9).
- Satan works through human proxies to rule the earth and transform it into his image.
- The first is the beast from the sea, the first beast. This is the political system of the global evil empire. 'The dragon gave him his power, his throne, and great authority' (Rev 13:2).
- The beast from the earth, the second beast, the false prophet, develops a world religion to worship the first beast. He is like a lamb (like Christ) but speaks for Satan. 'Then I saw another beast coming up out of the earth, and he had two horns like a lamb and spoke like a dragon. And he exercises all the authority of the first beast in his presence, and causes the earth and those who dwell in it to worship the first beast' (Rev 13:11-12).
- In principle these systems have been in evidence throughout history but are focused and central in the end. In the same way that antichrists have existed since the beginning (1 Jn 2:18).
- Babylon, the great harlot, the great city, is the expression of the final empire in terms of character, being blasphemous, idolatrous and full of iniquity.

The judgment of the great harlot who sits on many waters, with whom the kings of the earth committed fornication, and the inhabitants of the earth were made drunk with the wine of her fornication.' So he carried me away in the Spirit into the wilderness. And I saw a woman sitting on a scarlet beast *which was* full of names of blasphemy, having seven heads and ten horns. The woman was arrayed in purple and scarlet, and adorned with gold and precious stones and

pearls, having in her hand a golden cup full of abominations and the filthiness of her fornication. And on her forehead a name was written: MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND OF THE ABOMINATIONS OF THE EARTH. Rev 17:1-5

Babylon is fallen, is fallen, that great city, because she has made all nations drink of the wine of the wrath of her fornication. Rev 14:8

### **The world will degenerate in terms of spirituality, truth and morality as time goes on.**

Now the Spirit expressly says that in latter times some will depart from the faith, giving heed to deceiving spirits and doctrines of demons, speaking lies in hypocrisy, having their own conscience seared with a hot iron, forbidding to marry, *and commanding* to abstain from foods which God created to be received with thanksgiving by those who believe and know the truth. 1 Tim 4:1-3

But know this, that in the last days perilous times will come: For men will be lovers of themselves, lovers of money, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy, unloving, unforgiving, slanderers, without self-control, brutal, despisers of good, traitors, headstrong, haughty, lovers of pleasure rather than lovers of God. 2 Tim 3:1-4

But evil men and impostors will grow worse and worse, deceiving and being deceived. 2 Tim 3:13

For the time will come when they will not endure sound doctrine, but according to their own desires, *because* they have itching ears, they will heap up for themselves teachers; and they will turn *theirears* away from the truth, and be turned aside to fables. 2 Tim 4:3-4

But there were also false prophets among the people, even as there will be false teachers among you, who will secretly bring in destructive heresies, even denying the Lord who bought them, and bring on themselves swift destruction. And many will follow their destructive ways, because of whom the way of truth will be blasphemed. By covetousness they will exploit you with deceptive words. 2 Pt 2:1-3

The rest of mankind ... did not repent of the works of their hands, that they should not worship demons, and idols of gold, silver, brass, stone, and wood, which can neither see nor hear nor walk. And they did not repent of their murders or their sorceries or their sexual immorality or their thefts. Rev 9:20-21

### **Mankind becomes the image of Satan instead of the image of God – the man of sin.**

That Day will not come unless the falling away comes first, and the man of sin is revealed, the son of perdition, who opposes and exalts himself above all that is called God or that is worshiped, so that he sits as God in the temple of God, showing himself that he is God ... For the mystery of lawlessness is already at work ... And then the lawless one will be revealed, whom the Lord will consume with the breath of His mouth and destroy with the brightness of His coming. The coming of the lawless one is according to the working of Satan ... and with all unrighteous deception among those who perish, because **they** did not receive the love of the truth, that they might be saved. And for this reason God will send **them** strong delusion, that they should believe the lie, that they all may be condemned who did not believe the truth but had pleasure in unrighteousness. 2 Thess 2:3-12

The end is a time of great contrast. It is the revealing of the saints in Christ as the man of God (Eph 4:13) and the manifestation of the wicked as the proxies of Satan, the man of sin. Note that the temple of God is man (1 Cor 3:16-17, 6:19; 2 Cor 6:16). Satan sitting in the temple is openly dwelling in mankind.<sup>11</sup>

Here is wisdom. Let him who has understanding calculate the number of the beast, for it is the number of a man: His number is 666. Rev 13:18

The number of man in Biblical numerology is '6'. This is falling short of divine perfection ('7'). Falling short of the mark is the definition of sin (*harmartia*).<sup>12</sup> '3' is the number of God as the Trinity. Triplets, things in threes, are things representing God (e.g. 'Holy, holy, holy'). '666' is man trying to be God. This is the original sin (Gen 3:5). The (definite article) Lie of Satan (Rm 1:25).

The rest of mankind, who were not killed by these plagues, did not repent of the works of their hands, that they should not worship demons, and idols of gold, silver, brass, stone, and wood, which can neither see nor hear nor walk. And they did not repent of their murders or their sorceries or their sexual immorality or their thefts. Rev 9:20-21

Mankind at the end manifests: demon worship, idolatry, murder, sorcery, immorality and theft.

### **Satan gathers the world into a final despotic empire (the kings of the Earth submit to the beast and harlot Babylon – two expressions of Satan).**

The ten horns which you saw are ten kings who have received no kingdom as yet, but they receive authority for one hour as kings with the beast. These are of one mind, and they will give their power and authority to the beast. Rev 17:12-13

The woman [Babylon] whom you saw is that great city which reigns over the kings of the earth. Rev 17:18

For all the nations have drunk of the wine of the wrath of her [Babylon] fornication, the kings of the earth have committed fornication with her, and the merchants of the earth have become

<sup>11</sup> The Dispensational focus on a second temple to be built in Israel is a distraction by heretics influenced by the Elite cabal.

<sup>12</sup> *Hamartia*: to miss the mark; to err, be mistaken ; to miss or wander from the path of uprightness and honour, to do or go wrong; to wander from the law of God, violate God's law, sin; that which is done wrong, sin, an offence, a violation of the divine law in thought or in act.

rich through the abundance of her luxury. Rev 18:3

The kings of the earth who committed fornication and lived luxuriously with her [Babylon] will weep and lament for her, when they see the smoke of her burning, Rev 18:9

And I saw the beast, the kings of the earth, and their armies, gathered together to make war against Him who sat on the horse [Jesus] and against His army. Rev 19:19

**This empire is designated as the ‘beast from the sea’ (the political expression of sinful rebellion against God); and ‘Babylon’ (the immoral character of idolatry, fornication, hedonism, narcissism, Satanism and wickedness).**

Then I stood on the sand of the sea. And I saw a beast rising up out of the sea, having seven heads and ten horns, and on his horns ten crowns, and on his heads a blasphemous name. ... So they worshiped the dragon who gave authority to the beast; and they worshiped the beast, saying, ‘Who *is* like the beast? Who is able to make war with him?’ And he was given a mouth speaking great things and blasphemies, and he was given authority to continue for forty-two months. Then he opened his mouth in blasphemy against God, to blaspheme His name, His tabernacle, and those who dwell in heaven. It was granted to him to make war with the saints and to overcome them. And authority was given him over every tribe, tongue, and nation. All who dwell on the earth will worship him, whose names have not been written in the Book of Life of the Lamb slain from the foundation of the world. Rev 13:1-8

And another angel followed, saying, ‘Babylon is fallen, is fallen, that great city, because she has made all nations drink of the wine of the wrath of her fornication’. Rev 14:8

**MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND OF THE ABOMINATIONS OF THE EARTH. Rev 17:5**

Babylon the great is fallen, is fallen, and has become a dwelling place of demons, a prison for every foul spirit, and a cage for every unclean and hated bird! For all the nations have drunk of the wine of the wrath of her fornication, the kings of the earth have committed fornication with her, and the merchants of the earth have become rich through the abundance of her luxury. Rev 18:2-3

**This first ever truly global empire will be full of iniquity and blasphemy.**

Then he [the first beast] opened his mouth in blasphemy against God, to blaspheme His name, His tabernacle, and those who dwell in heaven. Rev 13:6

I saw a woman [Babylon] sitting on a scarlet beast which was full of names of blasphemy. Rev 17:3

The woman was arrayed in purple and scarlet, and adorned with gold and precious stones and pearls, having in her hand a golden cup full of abominations and the filthiness of her fornication. And on her forehead a name *was* written: MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND OF THE ABOMINATIONS OF THE EARTH. Rev 17:4-5

For all the nations have drunk of the wine of the wrath of her fornication, the kings of the earth have committed fornication with her, and the merchants of the earth have become rich through the abundance of her luxury. And I heard another voice from heaven saying, 'Come out of her, my people, lest you share in her sins, and lest you receive of her plagues. For her sins have reached to heaven, and God has remembered her iniquities'. Rev 18:3-5

**There is a new world religion that worships Satan via the beast system.**

Then I saw another beast coming up out of the earth, and he had two horns like a lamb and spoke like a dragon. And he exercises all the authority of the first beast in his presence, and causes the earth and those who dwell in it to worship the first beast, whose deadly wound was healed. Rev 13:11-12

He deceives those who dwell on the earth by those signs which he was granted to do in the sight of the beast, telling those who dwell on the earth to make an image to the beast who was wounded by the sword and lived. Rev 13:14

The man of sin is revealed, the son of perdition, who opposes and exalts himself above all that is called God or that is worshiped, so that he sits as God in the temple of God, showing himself that he is God. 2 Thess 2:3-4

**It will wage war on the Christian church.**

When they finish their testimony, the beast that ascends out of the bottomless pit will make war against them, overcome them, and kill them. And their dead bodies *will lie* in the street of the great city which spiritually is called Sodom and Egypt, where also our Lord was crucified. Then those from the peoples, tribes, tongues, and nations will see their dead bodies three-and-a-half days, and not allow their dead bodies to be put into graves. And those who dwell on the earth will rejoice over them, make merry, and send gifts to one another, because these two prophets tormented those who dwell on the earth. Rev 11:7-10 [The prophets represent the church as the faithful expression of the word of God. Two is the number of testimony.]

And the dragon was enraged with the woman, and he went to make war with the rest of her offspring, who keep the commandments of God and have the testimony of Jesus Christ. Rev 12:17

It was granted to him to make war with the saints and to overcome them. Rev 13:7

I saw the woman, drunk with the blood of the saints and with the blood of the martyrs of Jesus. And when I saw her, I marvelled with great amazement. Rev 17:6

**At the appointed time, The Lord Jesus will return in glory and destroy all the works of the Devil, all sinners, and burn up the Earth to purify it – which will be restored to its original beauty and glory as the home of the saints in fellowship with God.**

The lawless one will be revealed, whom the Lord will consume with the breath of His mouth and destroy with the brightness of His coming. 2 Thess 2:8

Now out of His mouth goes a sharp sword, that with it He should strike the nations. And He Himself will rule them with a rod of iron. He Himself treads the winepress of the fierceness and wrath of Almighty God. Rev 19:15

Then the beast was captured, and with him the false prophet who worked signs in his presence, by which he deceived those who received the mark of the beast and those who worshiped his image. These two were cast alive into the lake of fire burning with brimstone. And the rest were killed with the sword which proceeded from the mouth of Him who sat on the horse. And all the birds were filled with their flesh. Rev 19:20-21

For the Lord Himself will descend from heaven with a shout, with the voice of an archangel, and with the trumpet of God. And the dead in Christ will rise first. Then we who are alive *and* remain shall be caught up together with them in the clouds to meet the Lord in the air. And thus we shall always be with the Lord. 1 Thess 4:16-17

When the Lord Jesus is revealed from heaven with His mighty angels, in flaming fire taking vengeance on those who do not know God, and on those who do not obey the gospel of our Lord Jesus Christ. These shall be punished with everlasting destruction from the presence of the Lord and from the glory of His power, when He comes, in that Day, to be glorified in His saints and to be admired among all those who believe, because our testimony among you was believed. 2 Thess 1:7-10

The heavens and the earth which are now preserved by the same word, are reserved for fire until the day of judgment and perdition of ungodly men. ... But the day of the Lord will come as a thief in the night, in which the heavens will pass away with a great noise, and the elements will melt with fervent heat; both the earth and the works that are in it will be burned up. ... looking for and hastening the coming of the day of God, because of which the heavens will be dissolved, being on fire, and the elements will melt with fervent heat? Nevertheless we, according to His promise, look for new heavens and a new earth in which righteousness dwells. 2 Pt 3:7-13

And they did not repent of their murders or their sorceries or their sexual immorality or their thefts. Rev 9:20-21

The centrality of pharmaceuticals in Babylon.

The light of a lamp shall not shine in you [Babylon] anymore, and the voice of bridegroom and bride shall not be heard in you anymore. For your merchants were the great men of the earth, for by your sorcery all the nations were deceived. Rev 18:23

‘Sorcery’ is *farmakeia*, a *pharmakeia* (Strong’s 5331) meaning primarily: the use or the administering of drugs; poisoning; and thence sorcery or magical arts; often found in connection with idolatry and fostered by it. Metaphorically it means: the deceptions and seductions of idolatry. At the end, the nations are deceived by *pharmakeia*. At the present time Big Pharma is deceiving nations into taking drugs and vaccines which cause harm and mass death. Excess deaths are the result of vaccines which people were deceived into taking for their health.

## A short summary of the parlous state of Britain

As planned by Cultural Marxists 90 years ago, Britain is now wrecked. It does not function at all levels. The ruination of society will continue and worsen in 2024 so that many infrastructure systems will collapse completely causing harm and death. The system cannot be fixed.

Many volumes could list all the ramifications of this decline, but here are a few that spring to mind.

- The police fail to investigate (let alone catch) burglars, car thieves, store thieves, shoplifters, knife-wielding villains, armed crooks and so on – but they spend millions of pounds and a high percentage of hours chasing people that say hurty words on social media or use the wrong pronouns. Police application systems filter applicants to select those with narcissistic, sociopathic, characteristics.
- Banks are laundering money for drug cartels.
- Local banks are closing by the thousand to discourage the use of cash.
- Town high streets are filled with boarded up shops and look like ghost towns.
- Immigration of illegal economic migrants who do not intend to integrate into British society are arriving at a million per year (gross figure). Crime levels where illegal immigrants congregate have skyrocketed. Illegal immigrants are housed in 5-star hotels, given three meals a day plus spending money and offered houses. Meanwhile, the levels of homeless young people are rising and many service veterans are living on the streets. Councils are now compulsory purchasing people's homes to give them to immigrants (in one case even though the owners lived there).
- Teachers that refuse to use transgender pronouns or identify a person as a different sex are sacked and jailed.
- Cows are labelled as causing a risk to the planet for their flatulence.
- The NHS is in a state of slow self-destruction. It cannot get treatment and scans to millions of waiting patients, it runs out of supplies, it has ambulances waiting in car parks (my local hospital had 48 waiting this week and A and E had to close). Yet it pays millions for diversity managers and Directors of Life Experience. It makes staff attend three-day courses for conditioning-training on DEI policies. It has a middle manager with a company car whose only job is to turn every tap on and off in every trust room. My hospital has a helicopter pad specially built but choppers cannot land on it as the wind speed is too high.
- The judiciary is in a state of moral collapse. Victims are penalised and criminals get light sentences.
- The armed services are in complete collapse and cannot defend Britain.
- Schools and universities are completely infiltrated by Marxists who brainwash students with Socialist, Progressive propaganda.
- The education system is now fully Woke.
- Young people cannot enter the housing market as the cost of houses has skyrocketed.
- For the first time in 100 years, the new generation is worse off than the previous generation.<sup>13</sup>
- There is a national problem with the high suicide rate of young men.

---

<sup>13</sup> The Daily Sceptic, Noah Carl, 'British living standards are going down and the Conservatives only have themselves to blame', 16 February 2024.

- There are huge numbers of young people needing mental health treatment that cannot get it.
- As an indicator of the state of Britain's mores, Channel Four proposed a new show called 'Virgin Island' in which producers intend that the virginal participants will all have sex on air for the first time. There is already has a dating show where the fully naked participants are examined in detail to establish a match.
- Children as young as five are being given explicit pornographic education including anal sex, oral sex and masturbation. Parents that have complained to courts have been overruled.
- School children are being encouraged to change their sex by sheer choice, without parental consent.
- Parliament is in collapse. Recently hordes of MPs walked out in disgust due to the behaviour of the Speaker. Vital issues of national interest cannot get scheduled for debate. MPs have demonstrated corruption, fraud and chicanery. No political party ever fulfils manifesto pledges. The civil service is now fully progressive and blocks policies it disagrees with, such as Brexit. Parliament has long ceased to represent the people.
- Migrants have established power in towns and cities which they dominate; e.g. Birmingham, now bankrupt. Council tax is due to increase 21%. Some areas in the north are under Sharia law with Islamist vigilantes patrolling the streets. The police are too scared to enter these zones.
- Radical Salafist Islamists have headquarters in mosques in central areas, like London, which are hotbeds of fundamentalist education, resources and promotion.
- Free speech is everywhere being denied. Dissenting voices are censored, deleted, de-platformed, smeared, jailed and sacked.
- The BBC is a propaganda tool of the establishment and continually lies about political and Woke situations, such as climate change, wars, and Transgender issues.

## Warning

Britain, as it now stands, is beyond reformation. The institutions are so corrupt and wrecked that they cannot be repaired. Many have been broken for decades. What is necessary for a sane future is to remove all the broken systems and rebuild all of society from the ground up. This cannot be achieved in the face of the controlling powers having vicious police forces and an army.

There may be some small victories where local people can force councils to act lawfully (they routinely act illegally assuming power they do not have).<sup>14</sup> Rachel Matthews and her colleagues are trying hard to force Colchester council to behave properly, to little success so far. Sandi Adams is doing the same in Glastonbury. But even if these efforts resulted in victory, it is a drop in the ocean of the state of broken Britain.

More effectual would be to set up private communities that opt out of the state system entirely. Buying land and opting out of council control by using the AP1 section of land

---

<sup>14</sup> Councillors only have the legal power of an ordinary citizen and no more. They are merely servant-representatives of local people to administer money for the local good. Councils are also, officially, for-profit corporations.

registry forms would enable no legal intervention. Thus a small village could be built that was independent. However, this takes huge amounts of investment which few can access.

# War

You will hear of wars and rumours of wars. Matt 24:6

For nation will rise against nation, and kingdom against kingdom. Matt 24:7

## Introduction

The establishment is ramping up its war rhetoric to unprecedented levels of hysteria not known since the 1930s. The warmongering is so hysterical that it beggars belief. Things are being proposed that are unimaginable. For example:

- Current UK Defence Secretary Grant Shapps has averred that the UK will soon be at war with Russia, China, Iran and North Korea. '*We are moving from a post-war to a pre-war world.*'<sup>15</sup> [In reality Britain has neither the personnel nor the munitions to fight even one of these countries. Note one simple fact: Russia manufactures ten times the number of artillery shells than all of Europe combined.]
- Liz Truss, when Foreign Secretary, declared that she would launch a nuclear strike on Russia, even though the result would be global annihilation.<sup>16</sup> [This demonstrates the utter stupidity of politicians.]
- Ben Wallace, when Foreign Secretary, stated that Britain would be at war by the end of the decade.<sup>17</sup> He also failed to rule out that the West could become involved in a nuclear war with either Russia or China.<sup>18</sup>
- A senior US general told the UK Defence Secretary (Wallace) that the British Army is no longer regarded as a top-level fighting force following decades of cuts. He stated that the armed services could not protect the UK and its allies for a decade.<sup>19</sup>
- UK General Sir Patrick Sanders stated that conscription of British people will be required to fight a war with Russia.<sup>20</sup> [Can you imagine young Woke people, who burst into tears over hurty words on social media, facing the toughest army in the world? Will Feminists still fight for the rights of women to be equal with men and die horribly on the battlefield? Russia has killed 500,000 Ukrainian troops in the most brutal military tactics since WWII. Why would anyone sign up for that?]
- Lukashenko has ordered Belarus to prepare for WWIII.<sup>21</sup>
- German Health Minister Karl Lauterbach stated that German healthcare must be better prepared for military conflict.<sup>22</sup>
- The Polish Prime Minister, Donald Tusk, stated recently that, 'Europe is living in a pre-war era ... the times of peace are over' (echoing what Grant Shapps said).<sup>23</sup>

All the stops are being pulled out to ensure that the West is involved in a global conflict that could spread to many nations, not just Russia.

The current generations of the British population are completely unprepared for this eventuality. They are nowhere near as hardy, tenacious and resourceful as the former

generation that faced the violence and privations of WWII. My grandmother hid under the stairs nightly as bombs obliterated large areas of Birmingham around her but then opened her shop in the morning as if nothing had happened.

Food rationing (or even no food at all), energy blackouts, conscription, no internet service, and more would utterly collapse the Woke young generation who have a fit if you use a wrong pronoun or if their mobile 'phone stops working. No one is prepared for the terrors of war, having been 79 years since bombs dropped on Britain.

#### *Another explanation*

It is possible that a hot war is not the current objective (though it is in the long term) but the purpose is to cause fear in the population by ramping up the threat of war constantly. That is, a condition of 'near war'. After the fearmongering about Covid, the population needs a new fear factor which is the threat of world war.

### **Possible escalation of the Israeli warfare / Palestinian genocide**

The Israeli genocide programme (yes it is genocide and this has been openly stated by Israeli officials many times) is creating anger globally.<sup>24</sup> In fact the true evil nature of Israel is now becoming undeniable, largely due to war crimes being boasted about by Israeli troops on Tik Tok with filmed evidence, such as killing children and then dancing in their bedroom or shooting refugees travelling on declared safe passages or bombing every hospital or shooting children trying to reach aid trucks.

This wickedness has inflamed surrounding Islamic nations to boiling point. Israeli missile attacks on Iran, Syria and Lebanon has just made matters worse. It is not impossible that an all-out war could follow. Bear in mind that the last hot conflict between Hezbollah and Israel resulted in Hezbollah thrashing Israel.

You need to keep in mind that the Israeli IDF is comprised of volunteers on three-year tours. The IDF is not the great, efficient army that Israeli propaganda purports it to be. It is good at killing Palestinian women and children but would crash against a professional army. If several Islamic nations prepared for war against Israel in a properly prepared, planned offensive, Israel would cease to exist (as Kissinger warned several years ago).

Since this is the case, America is boosting its support of Israel with money and military aid. Advisors are already involved. This is again threatening a NATO vs Islamic countries in the Middle East. In the worst world this could mean a hot war on two fronts (Ukraine / Israel). All this is insane. The West should be calling for a cease-fire and saving lives.

We must also remember that Israel has nuclear weapons and its recent behaviour leads us to conclude that it would use them without much worry. If sufficiently threatened, Israel could start a nuclear conflagration.

---

<sup>24</sup> Only someone following a prior agenda could deny this (as many commentators have). Not only do we have the statements by Israel officials to get rid of all Palestinians. Not only do we have witness statements by Palestinians, and even sympathetic Jews, of mass murder. Not only can we see the devastation of whole residential areas, hospitals and schools. But we have videos of the IDF uploaded on-line showing them committing atrocities and celebrating it; including killing children joyfully. We also have videos from warplanes showing the bombing of masses of civilians. You can find videos of children shot while trying to reach aid stations (most aid is being denied by Israel), or shot while trying to walk to a refugee centre.

There is also the recent cementing of an alliance between Russia and North Korea, which now has hypersonic missiles. If there was a two-front war, North Korea could get involved.

## Potential Russia vs NATO conflict over Ukraine

Zelensky is on his last legs. He is politically and militarily exposed, which is why he is begging the West for more support and decrying the little that he has recently received. He is also hated by most Ukrainians, especially troops who have posted videos stating that they will kill him if they survive the battlefield.

Although the West knows full well that Ukraine is already defeated, having lost two armies and hundreds of thousands of soldiers, the West cannot allow Russia to achieve total victory. Its doctrine depends upon Russia being severely weakened leading to regime change and Balkanisation. Instead Putin is stronger than ever and Russia (along with the expanding BRICS) is in better shape than the UK, Germany or even America.

In escalation, Britain is sending 20,000 troops to the Ukraine for a NATO military drill, which puts NATO in direct conflict with Russia.<sup>25</sup> (Western troops, e.g. the SAS have been there for months but covertly enabling deniability, disguised as mercenaries.)<sup>26</sup> Putin has already warned Western nations that escalation by NATO will mean war with the West.

If the West continues this stupid policy instead of calling for a cease-fire to end the deaths and turning Ukraine into an economic basket case, there could be a hot-war between the West and Russia. With the parlous state of Britain's armed services this would be a complete disaster.<sup>27</sup> But why would you provoke an enemy that with one ICBM can utterly destroy the whole country? This is insane policy.

Russian journalist Igor Korotchenko stated that if the UK sends any troops to Ukraine Russia should launch hypersonic (unstoppable) Kinzhal (Kh-47M2) missiles at the MOD in Whitehall and army bases and decision-making centres in London.<sup>28</sup>

China has pledged to support Russia in the Ukraine.<sup>29</sup>

Biden announced that he was sending long-range ballistic missiles to Ukraine.<sup>30</sup> NATO affirmed that Ukraine had the right to strike targets in Russia.<sup>31</sup>

The former Russian president warned NATO of an 'apocalypse'.<sup>32</sup> Full-scale war would leave Russia with no choice but to deploy nuclear weapons said Dmitry Medvedev. He also stated that if Ukraine received F-16s this would also trigger nuclear war.<sup>33</sup>

---

<sup>25</sup> Sky News, 15 January 2024.

<sup>26</sup> Dead bodies have been identified as Western military by the Russians.

<sup>27</sup> For example, the Navy is advertising for admirals on Linked-In. It has no supply ships working at all, not one. Without the Fleet Auxiliary no ship can be supplied and therefore cannot function. We effectively have no functioning navy. The army only has fewer troops than can fit into Wembley Stadium (70k). Munitions stores are ruining very low having given so much to Ukraine.

After this, NATO F-35A Joint Strike Fighter jets were given permission to carry nuclear bombs. These armaments include the B61-12 thermonuclear gravity bomb.<sup>34</sup> At the same time NATO began moving missiles close to the Russian border in Lithuania.<sup>35</sup>

## Moldova

Moldova is currently mobilising its military. Clearly it believes that there is the possibility of an armed conflict with Russia when Ukraine falls.

Transnistria, which is recognised as part of Moldova by most countries, contains many Russian speakers, has a history of connection with Russia<sup>36</sup> and there are allegations that Russia could seek to gain military control if it secures Odessa. It attacked Odessa on 2 March with a wave of drone and artillery strikes. After the Transnistria War in 1990 Transnistria seceded from Moldova, which had no effective control over Transnistria after 1992. After Ukraine sealed its border with Transnistria in 2022, it requested economic assistance from Russia in 2024. It also stated that Moldova was committing genocide in the region as Moldova shifted towards the EU. All this leads many to suggest that Russia intends to annex Transnistria to protect Russian people. This prospect terrifies the West and would pose a serious threat to Romania.

## Romania

On 1 February 2024 Romania joined the growing list of NATO countries that have warned about the potential of going to war with Russia. This time it was General Gheorghita Vlad, Romania's chief of defence.

## Finland sabre rattling

Finland openly stated that it is prepared for an attack against Russia according to foreign minister, Pekka Haavisto.

Finland is better prepared for war than Britain. In 2022 it had a wartime troop strength of 280,000 with 870,000 trained as reservists. It never abolished conscription. It has one of Europe's strongest artilleries and has stocked up on cruise missiles with a range of 230 miles. It also spends 2% of its GDP on defence, higher than many NATO countries. It has ordered four new warships as well as 64 F-35 fighter jets and ordered 2,000 drones. It is also now part of NATO and has built barriers on its borders.

## NATO building an EU army to attack Russia

NATO is cutting down bureaucracy to mobilise a European army in a '*military Schengen*'.

NATO also affirmed that Ukraine will join NATO (one of Putin's goals is to prevent this). This was stated by NATO Secretary General Jens Stoltenberg on 24 February who added, '*It*

*is not a question of if, but when*'. Putin immediately warned that this would provoke a Russian war against Europe. He said, *'You won't have time to blink your eye when you execute Article 5, I don't want it'*.

This would result in nuclear war and Russia's hypersonic missiles (for which there is no defence) would obliterate Europe easily. Despite this insanity, Stoltenberg authorised Ukraine to use NATO missiles to attack Russian territory or *'targets outside Ukraine'*.<sup>37</sup> Although Ukraine has already targeted Russian cities (using British technical assistance), and even civilian centres, NATO has never before encouraged this publicly.

Meanwhile, Macron suggested that NATO troops must be deployed to Ukraine to stop Russia. This is reckless language.

## Possible conflict over Taiwan

With the history of America posturing about war with China over Taiwan, there could even be a three-front war.

Upcoming elections in Taiwan have rekindled the rhetoric regarding the possible independence of Taiwan and China's insistence that this will never happen. If the West is stupid enough to follow through with its previous statements, a war with China could lead to the end of the West.

China recently deployed dozens of warplanes (33, including SU-30 fighters) and 6 navy ships toward Taiwan after US-Beijing talks. 13 warplanes crossed the median of the Taiwan Strait.<sup>38</sup>

US government officials have warned that China is ready to attack American infrastructure,<sup>39</sup>

Chinese media (an editorial from the CCP propaganda department 'Global Times') has warned that world war with NATO countries is likely, *'NATO is pushing the Russia-Ukraine conflict toward a world war'*.<sup>40</sup>

Fears are growing that The Philippines could be dragged into a US vs China war over Taiwan due to its many US military bases.

## USA / UK vs The Houthis

This is already a military incursion with airstrikes into Yemen by the US after restrictions on Red Sea shipping by the Houthis. The restrictions were originally to stop supplies to Israel. The Houthis had killed no one before NATO allies bombed Yemeni citizens.

---

<sup>37</sup> Zero Hedge, Tyler Durden, 26 February 2024.

<sup>38</sup> Fox News, 27 January 2024.

<sup>39</sup> Natural News, 9 February 2024.

<sup>40</sup> WND, 5 February 2024.

Despite air strikes by Saudi Arabia for years, with missiles supplied by the UK and the US, it did not manage to quell the Houthi problem; it just killed thousands of civilians. The US will be getting into more mire by this action.

Russia has supported Yemen and Russian ships can pass through the Red Sea, as can Chinese cargo ships. Saudi tankers were also given permission through the Red Sea. US ships are now being attacked. American and British citizens have been ordered out of Yemen.<sup>41</sup> All Israel-bound vessels are being attacked.

Recently Houthis have clashed with the US navy, directly hitting a warship with a missile.<sup>42</sup> Another explosion struck near two US ships carrying cargo for the US government. Shipping giant Maersk has suspended operations in the region after militants fired on two of its vessels.<sup>43</sup>

Houthi rebels also hit a British ship and set a commercial vessel ablaze on 26 January 2024. British warplanes, ships and submarines launched dozens of air strikes against Yemeni forces. They later sank the British-owned cargo vessel Rubymar on 18 February.

On 24 January the US navy attempted to escort two US-owned container ships through the Bab el-Mandeb Strait into the Red Sea. They were turned around after coming under Houthi ballistic missile fire. The US navy effectively lost a battle against rebels.

In early February Houthis fired multiple missiles at Red Sea shipping.<sup>44</sup>

Russia has now deployed a submarine into the Red Sea.

Germany is preparing for actions against the Houthis and 24 nations are getting involved.

In a press briefing dated 17 January 2024, the Pentagon Press Secretary Brig. Gen. Pat Ryder said '*I am not aware of any US forces on the ground*' [in Yemen]. However the White House admitted on 17 December 2023 that there was a 'small number' of US military personnel deployed in Yemen to conduct operations.<sup>45</sup>

The Houthis threatened to cut the Internet cables that pass through the Red Sea unless UK/US airstrikes are stopped. If successful this would terminate web services for half of the globe (from Spain to the Far East) and wreck international transactions and damage economies. The seabed in the Red Sea is as shallow as 100 metres at some points so divers with special equipment could carry this out. Also, depth charges could do the job. By the end of February the Houthis had damaged four global internet communication cables in the Red Sea.<sup>46</sup>

A militia attack against a British warship, HMS Diamond, resulted in it being sent back for a refit.<sup>47</sup> A cruise missile set it ablaze.

<sup>47</sup> Sputnik International, Military, 9 February 2024.

By 22 February the Houthis had destroyed two US \$33 million drones.

The Houthis have now gained drone submarines from Iran. This is added to their aerial and sea drones.

At the end of February another ship was on fire near Yemen as the Red Sea became littered with disabled tankers.<sup>48</sup>

By February there was a developing oil tanker shortage and disruption to global trade with the global economy being threatened. Yemen's attacks have caused a surge in export costs and lengthy delays. Over half (55%) of Britain's exporters and manufacturers (53%) are facing problems according to the British Chambers of Commerce.

## **US v Iraq**

The US recently deployed missiles against positions in Iraq. As a result Baghdad has called for an end to the US-led coalition and condemned the strikes.

## **US nuclear weapons**

The US has re-deployed nuclear weapons (B16-12 bombs) into Britain at Lakenheath for the first time in 15 years.

## **Israel vs Syria**

For years Israel has been deploying airstrikes against targets in Syria, often killing multiple innocent civilians; however, recently, Israel ramped up its attacks. It is chiefly targetting high-value human Iranian targets and weapons transfer stations.

## **Pakistan vs Iran**

These countries have already exchanged missile strikes into each other's territory.

Iran, now a BRICS ally and thus an Indian ally, could potentially escalate into triggering a new India v Pakistan conflict.

## **Somalia**

On 21 January the US launched airstrikes on Somalia against al-Shabah.

## **Iran sabre-rattling**

Iran has deployed some of its new high-powered ballistic missiles (Kheiber Shekan) attacking 'terrorist' positions in Idlib, northern Syria.<sup>49</sup> This is actually a threat to US illegal interests in this area by attacking US proxies.

---

<sup>48</sup> Zero Hedge, Tyler Durden, 22 February 2024.

This is clearly a sign to the US to back off. This also proves that Iran can now reach Israel with its new missiles.

Israel responded by stating that Iran is now a legitimate target for airstrikes.<sup>50</sup>

Iran has started mobilising troops. It has also tested ballistic missiles in preparation for a strike against Israel.<sup>51</sup>

Iran also fired two 'Fateh class' ballistic missiles from a shipping container at sea.<sup>52</sup> They successfully hit their targets in the central desert of Iran. This technology greatly expands Iran's reach.

## US vs Iran

The US and NATO accuses Iran of supplying the Houthis and Hamas, while hawks have pushed for war against Iran for many years.

A recent article in the Financial Times suggested that a red line was Iran causing the death of US service men. This would provoke America into war. Within days three US soldiers were killed, and 30 injured, in a drone strike on a claimed northern Jordanian base (Tower 22) very near the border with Syria. Local journalists (e.g. Vanessa Beeley) stated that in fact the affected base was an illegal US military base in Syria near the border.

Iran denied involvement in this and many alleged that it was a false flag. The Islamic Resistance in Iraq (Shia militants) later claimed responsibility.

Nevertheless, it has increased the likelihood of a USA / Iran war. Within minutes US hawks and Jewish Neocons were calling for Biden to '*hit them hard*'. Then a Pentagon chief, Secretary of Defence Lloyd Austin, called for retaliation.

Days later the US hit 85 Iranian Islamic Revolutionary Guard Corps (Quds Force) targets in Iraq and Syria with missile strikes.<sup>53</sup> This was an illegal action of war against Iranian personnel and countries allied to Iran that had not declared war on the US and had not threatened the US militarily (the attacked US base was illegally occupying Syrian territory and was a legitimate target). Biden promised further air strikes.

## North Korea, sabre rattling

North Korea carried out a test fire of a new type of missile system, the Pulhwasal-3-31.<sup>54</sup>

US officials believe that North Korea will soon launch a limited attack on South Korea. Last July a US submarine made a port call in South Korea, which has not occurred since 1981. North Korea immediately ramped up its missile tests near the border.<sup>55</sup> After US war drills

with South Korea, North Korea increased its preparedness for war according to the state Korean Central News Agency. Large-scale live-fire drills followed, within range of striking Seoul. North Korea media stated that it was preparing for 'actual war'.<sup>56</sup>

## India

India doubled its troop strength on the border with China. Relations with Beijing have been strained since a deadly clash in 2020. 10,000 troops have been reassigned to the western sector of its disputed border with China.<sup>57</sup>

## NATO expansion and threats of war

Note that NATO and America have threatened several BRICS nations: Russia, China, Iran. If matters escalated, this could threaten an East versus the West war; a world war (which is what the bankers want).

## Germany urges home bomb shelters and war

Germany's national draft emergency defence plan has assigned construction roles for citizens. Germans will be expected to turn their homes into bomb shelters if a major war breaks out according to the Bild newspaper.

After this, German MP Roderich Kiesewetter demanded that airstrikes on Russian government buildings be deployed.

Then we learned that German leaders were moved to nuclear bunkers.<sup>58</sup>

After this it was proposed that military conscription is re-introduced next year, as is France.

## Summary of the collapse of the British armed services

In any war with a professional foreign military Britain would lose and lose quickly. Here is why.

- Its army is at the lowest levels since the Napoleonic Era. It cannot maintain recruits (many are leaving) at the fully-trained measly 72,500 that will be left by the end of this year. [Russia has just under 4 million troops.<sup>59</sup> China has over 4 million. Iran has one million.]
- The British armed services have become thoroughly Woke. Diversity targets are followed instead of merit. An official enquiry found that the RAF had unlawfully discriminated against the recruitment of white men and forced it to apologise. The Royal Navy now allows Satanists to practice Black Magic rituals on board. Women are over-promoted to satisfy Feminist agendas but the results have been dire. LGBTQ

- The MOD has advertised for a new admiral post on Linked-In.
- There is a woeful lack of equipment in general.
- Giving Ukraine arms and munitions has left the UK in a deplorable state of lack. Artillery shells in particular are in short supply.
- The British Navy is flying LGBTQ flags and is to make courses on climate change compulsory.
- The Fleet Auxiliary has collapsed. There is not a single supply ship that can resource warships,<sup>61</sup> thus our aircraft carriers cannot function without the support of allies. We effectively have no navy.
- When the carrier HMS Queen Elizabeth set out for manoeuvres in February 2024, it immediately broke down in the Channel with propeller issues (again). However, it would have made little difference as F-35 warplanes cannot land on its deck anyway.
- Days after this the other aircraft carrier, HMS Prince Charles, also failed to be able to get to the European war games due to mechanical breakdown.
- Shortly after this a warship fired a Trident nuclear missile on manoeuvres but it flopped and landed in the sea yards away from the boat.<sup>62</sup> This is supposed to our major defence against Russia.
- The UK has so few sailors that it had to decommission two warships in order to man its new frigates.
- All UK (and US) equipment is less effective and more expensive than its Russian equivalent (tanks, submarines, aircraft, missiles, defence systems etc.). What is the point of needlessly threatening Russia if British missiles can be easily shot down by Russian defence systems but Britain cannot intercept Russian hypersonic missiles? Russia even has a new orbital platform that can drop multi-megaton warheads out of the sky that cannot be stopped. America is in a panic about this.

The current warmongering bluster is hogwash. Britain cannot effectively wage war on its own. However, the US is also in a parlous state and is also short of munitions. Threatening major military powers at the same time is total insanity.

### **Aside**

The US military is almost entirely dependent upon China and Russia for a metal (antimony) used in military applications, such as explosives. China owns 53% of the world's supply and processes over 80% of antimony ore.

The US Navy is so desperate that it will now enlist applicants who have not graduated from high school or obtained a GED.<sup>63</sup>

The US is also very short of missiles and munitions having sent so much to Ukraine. Supply chain problems (exacerbated by Covid lockdowns) means that re-supply will take months.

## Warning

War is always a useful means of achieving depopulation. World wars result in multi-millions of deaths. The threat of war is also useful to the cabal because it engenders fear in the population and makes them compliant to government demands based upon security excuses.

The threat of war is certainly going to ramp up this year but there is the danger of either several small wars or possibly one big one – which would be catastrophic. Putin recently threatened the nuclear option if NATO puts troops into Ukraine<sup>64</sup> as demanded by Macron. Pentagon chief Lloyd Austin also warned of a direct Russia-NATO clash and told eastern NATO members to prepare to fight Russia.<sup>65</sup> This could literally see nuclear warheads hitting London, which is inconceivable.

# Domestic collapse

Many will be offended, will betray one another, and will hate one another. Matt 24:10

## Potential social collapse due to millions of migrants into the West

The influx of millions of illegal immigrants into the UK since 1997 is now threatening social breakdown, disorder, infrastructure collapse and local vigilante actions. Many communities have already protested local insertions of immigrants that would destabilise a village's small population and have succeeded in stopping them.

In Ireland the social collapse caused by hordes of illegal immigrants have led to serious riots in Dublin.

Last year (2023) alone saw a million immigrants into the UK (700,000 net). That is the addition of a town roughly the size of greater Glasgow (957,620). Many claim that the true figure is much higher as previous statistics have been proven to be false. In a small city like Brighton/Hove (277,000) 15 of the seafront hotels now house migrants.

Immigrants have their own private hospital transport system to segregate them (hide them) from the normal patient transport system, and are routinely offered refurbished houses. Meanwhile they enjoy 5-star accommodation, free meals and spending money.

The EU Commission deliberately set out to flood Europe with illegal migrants. A former border chief, Fabrice Leggeri, has revealed that he was ordered to flood Europe with illegal migrants by the EU Commissioner for Home Affairs Ylva Johansson.<sup>66</sup>

### British homelessness

British people are suffering a huge rise in homelessness. Military veterans are sleeping rough on the streets, often with serious medical conditions.<sup>67</sup> Young men and teenagers, with no hope in this discriminatory society, are filling the streets. The government does nothing about this but puts illegal immigrants into posh hotels (which they often trash, such as in Skegness).<sup>68</sup>

There have also been cases where immigrants housed in these hotels raped local women<sup>69</sup> as a result of their religious convictions.<sup>70</sup> In Germany, after a million migrants entered the

<sup>69</sup> MailOnline, 'Asylum seeker, 33, charged with raping a woman in Skegness park late at night was staying at taxpayer-funded hotel housing migrants on the seafront after arriving in the UK by dinghy just 40 days ago', 28 June 2023.

country, violent crime, sexual attacks and rapes skyrocketed. In some cases, such as in Cologne, there were mass rapes in one event. In America the border invasion has sparked a major crime crisis.<sup>71</sup> Elon Musk stated, *'I hope the public is waking up to this'*.

### **Discrimination against legal immigrants**

Legal immigrants, such as skilled workers in the NHS are discriminated against. They do things legally and face huge challenges, such as paying nearly £4000 each for naturalisation status after working for many years. Typically on low pay, they struggle to pay the huge rents for accommodation that is now the norm – yet illegal immigrants are put up in 5-star hotels and given pocket money. Why do we put down excellent legal immigrants that have worked hard for years but let illegal immigrants have free top accommodation, free meals, free health care and pocket money.

### **Infrastructure collapse**

Due to the pressure on infrastructure caused by immigration, there is a dearth of services for British people. There are, in some areas, no houses to rent, no jobs, no doctor's surgery, no local dentists, queues for services in hospitals, massive interpreter costs to the NHS and council services, and so on. Yet British people see immigrants put on the top of the council housing list when local people have waited 20 years to get there, but they are now downgraded.

All of this is going to lead to a growing rebellion which has already erupted in riots in Dublin. Other countries are also seeing an escalation of confrontation resulting from excessive migration.

### **Ghettos**

Illegal immigrants tend to gather amongst their own people that have already formed ghettos in large urban areas. There is no integration amongst British people (unlike legal immigrants that seek to be British).

In some cases this has led to local foreign vigilantes, such as patrol groups enforcing Sharia law in the North of England. The police are too scared to enter these areas. In these intensive racially segregated areas it was easy for Islamic grooming / rape gangs to prey on young White girls for decades with the police doing nothing for fear of causing racial tension. Thousands of young girls, and children, were raped repeatedly and some were killed. Originally it was Sikh girls that were targeted but nobody listened to the Sikh protests. Then it was White British girls that were targeted and Sikh commentators said, *'We warned you but you did not listen'*. Despite some arrests after media pressure, very many grooming gangs continue unabated.

In a suburb of Stockholm (Rinkeby) immigrants have virtually created their own territory which police and ambulances fear to enter. Gunshots, grenades and firebombs are daily occurrences. Similar circumstances prevail in parts of France.

Repeatedly we find that violent crime is being committed by illegal immigrants and supposed asylum seekers. The recent case of corrosive alkali fluid being thrown on a

<sup>70</sup> Islam is highly misogynistic. In Sharia law a woman is worth half of a man and a woman's testimony is usually ignored by courts if it contradicts a male (such as a rapist). White western women are seen as whores to be used.

<sup>71</sup> Zero Hedge, 23 February 2024.

mother and her two children is a case in point. The perpetrator is a claimed asylum seeker who failed twice but was admitted the third time because he claimed to be a Christian, despite being a practising Muslim according to his friends. He was also guilty of a prior sex attack.

The reason for this criminality is that immigrants from Wahhabi Muslim countries have a completely different standard of social behaviour and what constitutes crime. Those that integrate into British culture and adapt can be fine citizens; this was the case historically where immigrants wanted to be part of British society. This is often no longer the case. Immigrants settle in isolation from Britons and establish a counter culture with like-minded people based on their historic social and religious values. For example a White kaffir woman is to be preyed upon without incurring guilt. Sex slaves are the norm. Under-age sex with minors is also the norm and was modelled by Muhammad.

As a result, gangs develop devoted to criminality, mostly sex trafficking, rape, and associated violence. The police fear these gangs and also fear being called racist – so they leave them alone. Whole areas are left lawless; and this is how the grooming rape gangs flourished.

### **Economic benefits?**

Many defend mass migration into the UK by affirming that it has a beneficial economic result, such as filling the gaps in low-paid labourer demand and increasing tax payments. Economists have now repudiated this idea demonstrating facts that overall there is a net financial loss from immigration due to granting benefits, free medical care and so on. This is to say nothing of the massive growth of crime gangs that recruit unemployed immigrants that creates huge costs to the country.

### **This was planned**

It is important to understand that this situation was planned from decades ago. The Kalergi Plan was conceived by EU founder Count Richard Coudenhove-Kalergi to mongrelise European nations to eradicate them by excessive immigration from Africa, the Middle East and Asia. The strategy was to destroy White, Christian society, replacing it with a less intelligent (uneducated), compliant society.

Coudenhove's 1925 book, *'Practical Idealism'*<sup>72</sup> includes the Elite's strategy to *'turn the European into a mixed race of Asians and Negroes ruled over by the Jews'*.<sup>73</sup> In 1922 he initiated the 'Pan-European Movement' to achieve the Elite strategy with the help of B'nai Brith, the Jewish version of Freemasonry and a Zionist supremacist lobby group. In 1932 his new edition of his book affirmed the disappearance of European national races and classes to create a *'Eurasian-Negroid race'*; *'Europe will against its own will ... turn Europe into a mixed race of Asians and Negroes ... through this artificial selection process'*.

### **Infertility**

As part of this process to crush Western White people, various methods are being used to make men and women infertile. This is being done through chemtrails, vaccines (note the Gates' polio vaccine programme in Africa for example), medications, contaminated

drinking water and foodstuffs. Just one example: Cheerios and Quaker Oats contain a chemical (chlormequat) that delays puberty and causes infertility.<sup>74</sup>

### **Aside**

The importation of foreign immigrants, with no loyalty to British values and culture, is not just a problem for domestic issues but also foreign. Added to the Woke promulgation of anti-colonial propaganda, migrants will refuse to obey conscription to the armed services which has been affirmed to be necessary in the near future. In fact, foreign migrants that have no allegiance to Britain could likely side with Britain's enemies in a future conflict.

This is a serious issue. If Britain was at war with China, how would the huge number of Chinese immigrants react? The same goes for Iran, Iraq, Syria, Russia etc. In a war with an Islamic nation, the Qur'an would demand that Muslims fight in jihad against Britain.<sup>75</sup> Politicians clearly never considered this eventuality when they accelerated Islamic immigration to weaken Christian society.

## **American illegal immigration**

300,000 illegal immigrants are advancing into Texas every month. In 2023 37,000 Chinese nationals alone were arrested at the Mexico border.<sup>76</sup> This has been termed an invasion. These are not refugees or asylum seekers but economic migrants. The wall that Trump had begun building was partially removed by Joe Biden allowing immigrants easier access into Texas.

There is no checking of illegal immigrants and studies show that there is an associated increase in crime, such as drug trafficking and theft, where illegal immigrants proliferate.<sup>77</sup> Massive groups of military aged males from Bangladesh, Sri Lanka, India, Pakistan, Nepal, and more have been filmed travelling through the Darien Gap in Panama to be flown into the US by Biden.<sup>78</sup> 7.5 million illegal immigrants have migrated into the US under Biden already during his presidency.

The situation is so serious that Gregg Abbot, governor of Texas, has declared a national emergency regarding an invasion that requires military action to stop it. Border officers have been erecting a temporary wall of razor wire to discourage passage through the border. This provoked statements from Joe Biden threatening action against Texas. However 24 other Republican states pledged full support for Texas with many sending National Guard troops to support the Texas border.

Many are now affirming that there is the possibility of a civil war in America over this issue alone. If the Federal government sends troops to attack state national guard troops, there could be civil war.

It is a Constitutional requirement to protect national borders and the idea that defending the Texas border is anti-humanitarian is ridiculous. The governor is required by law to safeguard the border.

Meanwhile a federal government spokesman stated that the government does not use the term 'illegal immigrants' to respect their dignity. At the same time New York governor Kathy Hochul opened the way to give state jobs to illegal immigrants.<sup>79</sup>

## **Potential civil conflict or government suppression to stop a Trump victory**

The US establishment hates Trump so much that it promoted a hoax for years that he was supported by Russian interference and election rigging. In fact the actual rigging was by the Democrats; there is forensic evidence to prove this. There was also a report by a British intelligence officer to smear Trump which proved to be lies. But this is in the past.

Now every avenue is being utilised to stop Trump from getting the Republican nomination and from gaining the presidency. All sorts of ruses are being used, from smear campaigns to court judgments by certain States.

The result in Iowa shows that there is a strong support base for Trump already, which can override these attacks on him.

Yet the cabal's fear about a Trump victory is so strong that I fear anything is on the table. Clearly they will try all sorts of legal and semi-legal avenues to stop him, then they will use dirty tactics and more smear campaigns, but I fear more serious attacks are possible. If that happens civil war will break out, which is already on the verge.

## **Multiple forms of factional oppression**

I have explained this many times so I will just list several factors here. As a result of deliberate Cultural Marxist programmes, society is now fragmented into multiple opposing groups which are being encouraged to increase in hostility towards each other. The plan is that society is completely destabilised and broken so that the social order collapses and a new order can be introduced – a Marxist order.

- The Intersectional agenda. [A pecking order of social, discriminated against, victims.] This chiefly focuses anger against White, Middle Aged, Christians.
- Fourth Wave Radical Feminism. Highly focused on misandry.
- The Transgender agenda.
- The TERF<sup>80</sup> agenda. Feminists opposed to the Transgender agenda, which discriminates against women and threatens women's safety.
- The LBGTQ agenda (Queer theory).
- The Black agenda (Black Lives Matter, Critical Race Theory).
- The Green agenda (Net-Zero insanity, climate alarmism). Extinction Rebellion, Just Stop Oil etc.

---

<sup>79</sup> Townhall, 29 February 2024.

<sup>80</sup> Trans Exculsionary Radical Feminists.

- The Islamophobia agenda. Attacks on Christians and Jews.
- The DEI<sup>81</sup> agenda. This agenda results in discrimination.
- The ESG<sup>82</sup> agenda. Forces firms to adopt DEI and climate alarmism.

Everybody becomes a victim of these groups at some point, in their career development, in the promotion of their job, in talking to strangers on the street etc. For example, quota systems supposed to promote diversity discriminate against merit in White males.

Eventually the stress caused by the continual assaults of these factions will drive people to extreme reactions.

## **The rise of mass Islamic protests**

This started as genuine demonstrations on behalf of the Gaza Palestinians who are suffering genocide and war atrocities by Israel. Many thousands of children have already been killed, often deliberately by snipers or attacks in their homes. The fury this has caused British Muslims is understandable and protests were logical.

However, this has now developed into mass illegal activities such as: death treats, threats to burn houses to the ground, anti-Semitism, attacks on MPs, surrounding MP's homes, attacks on the police, social disruption and so on. There is a groundswell of Islamic rebellion because the police did little or nothing at the beginning, despite laws being broken. This encouraged further action.

There is a danger that, having felt their power, a deeper Islamic rebellion could arise that is more serious and more violent. If this happened in majority Muslim towns there could be a serious collapse of law and order requiring the ill-equipped army.

## **Psychopathic behaviour is rising**

Commentators have averred that America is in the middle stage of a full-scale economic and social collapse and that this is evidenced by increasing psychopathic behaviour.<sup>83</sup>

There is a dramatic increase in mass violence and theft fuelled by social media. Riots, looting and uncivil behaviour are now endemic in American cities. Ordinary people are now afraid to leave their homes.

## Warning

Immigration is going to be one of the most important issues worldwide this year. Several nations are reaching boiling point regarding illegal immigration. Under Biden's presidency 7.5 million entered the US and crime waves are soaring as a result (interestingly, crime stats in Venezuela have decreased as migrants left the country). This is going to lead to social turmoil and is already changing the political landscape.

## Sexual identity crises

Therefore God also gave them up to uncleanness, in the lusts of their hearts, to dishonour their bodies among themselves ... For this reason God gave them up to vile passions. For even their women exchanged the natural use for what is against nature. Likewise also the men, leaving the natural use of the woman, burned in their lust for one another, men with men committing what is shameful, and receiving in themselves the penalty of their error which was due. And even as they did not like to retain God in their knowledge, God gave them over to a debased mind, to do those things which are not fitting; being filled with all unrighteousness, sexual immorality, wickedness. Rm 1:24-28

You shall not lie with a male as with a woman. It is an abomination. Lev 18:22

If a man lies with a male as he lies with a woman, both of them have committed an abomination. Lev 20:13

Do not be deceived. Neither fornicators, nor idolaters, nor adulterers, nor homosexuals, nor sodomites, nor thieves, nor covetous, nor drunkards, nor revilers, nor extortioners will inherit the kingdom of God. 1 Cor 6:9-10

The law is not made for a righteous person, but for the lawless and insubordinate, ... for fornicators, for sodomites, for kidnappers, for liars, for perjurers, and if there is any other thing that is contrary to sound doctrine. 1 Tim 1:9-10

As Sodom and Gomorrah, and the cities around them in a similar manner to these, having given themselves over to sexual immorality and gone after strange flesh, are set forth as an example, suffering the vengeance of eternal fire. Jude 1:7

## Background

I have written extensively on this subject and most people are familiar with the issues. Here I will simply make some basic points and give recent information showing that this phenomenon is leading to mass insanity.

Historical studies have shown that when a civilisation is based upon heterosexual marriage and the family unit, that society flourishes. When a civilisation becomes infected with fornication, homosexuality, transvestism, paedophilia and suchlike, that society collapses within decades. Rome and Greece are examples of this. We can imagine the outcome of an armed invasion when the British Armed Services are focused upon diversity, Transgenderism and other Woke ideas. Britain would collapse just as licentious Rome fell to the Barbarians.

The basic principles of the LGBTQ+ movement, Queer Theory and Transgender activism rest upon irrational claims that defy logic, biology, genetics, reproductive facts and even essential common sense. When a society adopts such nonsense with legal sanctions, that that society is finished. This is what has happened to Britain and much of the West. The law and establishment consensus is supporting illogical, irrational concepts.

Even secular ideology confirms that the LGBTQ+ agenda is irrational and contrary to a flourishing society. Secularism has evolutionary theory at its centre and this is based upon

the success of a species in survival. This means reproductive success. Lesbianism, homosexuality and similar predilections are contrary to evolutionary theory. If everyone was homosexual the species would die out in one generation.

This is a key part of the cabal's purpose – to inflict irrationality, delusion, deception, and all forms of nonsense upon society to destabilise it at its heart.

## Transgenderism

The Transgender agenda is insane because it denies the foundations of biology. No one can change their chromosomes; if you have a Y chromosome you are a male human being – end. Fining and imprisoning people that refuse to identify a man who claims to be a woman as a woman, is a self declaration that that governance system has lost its mind and is irrational. Such insane governance must no longer be obeyed.

The infection is now everywhere, even in the educational and medical establishments. The University of Sussex Hospitals NHS Trust (my hospital) recently declared that a Trans-woman's breast milk is just as good as a biological woman's breast milk.<sup>85</sup>

But this appalling agenda is being pushed very hard by the Elite cabal through the UN, WHO, WEF and national governments in the West. It is not stopping. For some time the logical extension of this propaganda has resulted in children claiming that they are cats, or women claiming to be reptiles or worse. We now have the phenomenon of people claiming to love inanimate objects and demanding formal societal recognition that this is normal.

The pressure from lobby groups like Stonewall has resulted in laws that make misgendering someone a crime. People have gone to jail for refusing to believe that a man dressed as a woman is a real woman. Teachers have been disciplined for refusing to accept that a young pupil is really a cat, just because she only speaks in meows.

## Objectum sexuals

Objectum sexuals (or Oses) are people who claim to love inanimate objects such as fairground rides, leisure centres, cars, and flagpoles. In America one man married a garden fence! A woman from Leeds aims to marry a 'antique lesbian German chandelier'. Queer Theory activists not only demand that society accept this behaviour as normal but seek to make refusal to recognise this as a crime.

The rational reaction of a normal person to Objectum Sexuals is compassion for someone who is clearly insane. Such folk have ceased to operate within the bounds of intelligent, rational function. In the past people who claimed to be God or Napoleon were hospitalised; this malady is no different.

A subset of Objectum Sexuals are the 'consolums'. These are people in love with video game consoles. An American woman has already married the video game Tetris.<sup>86</sup> These have their own tribal queer flag. Activists for this group are already marshalling their forces in order to gain wider acceptance and legal recognition. The leading advocate of Objectum

<sup>85</sup> The Telegraph, 18 February 2024.

<sup>86</sup> Taki's Magazine, 15 May 2023.

Sexuals is Amy Marsh, a US sexologist and author. She prefers to be known as 'Avnas', with zir chosen name. Ze identifies as a nonbinary femme.

Another form of this insanity is 'spectro-sexuality' which is having sex with ghosts! Some other examples include:

- A person in love with an apartment building boiler.
- A transgender male who fell in love with a church organ.
- Someone whose lover was an object in a museum.
- Someone who loves buttons.

It is noticeable that many of the people in this movement are actually diagnosed as autistic. Instead of treating them medically, their delusions are being ratified as normal. These people do not accept that the objects are inanimate but believe that they are alive. This is the basis of insanity.

## **Transableists**

These are able-bodied men who identify as a disabled woman.<sup>87</sup> Need I say more?

## **Conclusion**

These agendas are clearly the continuation of the strategy of Cultural Marxists and others to bring society into an erratic, destabilised, irrational, sick state. In the same way that Hungarian society fell apart after Marxists destabilised Magyar society with fornication, paedophilia, free love, immorality and sexual perversions, so Western society is now in moral freefall making it easier for power-mongers to control the outcome.

## **Warning**

Agendas like this seek to impose irrationality on society so that people can no longer see what is truth and what is lies. This brings confusion of thinking, destabilisation and ineffectiveness – all of which enables the Elite to bring in more power structures over society with little resistance.

# Social freedom crises

Woe to those who decree unrighteous decrees. Isa 10:1

No one calls for justice, nor does any plead for truth. They trust in empty words and speak lies; they conceive evil and bring forth iniquity. Isa 59:4

Justice is turned back, and righteousness stands afar off; for truth is fallen in the street, and equity cannot enter. So truth fails, and he who departs from evil makes himself a prey. Then the LORD saw it, and it displeased Him that there was no justice. Isa 59:14-15

## The ramping up of establishment censorship

### The UK Online Safety Act

This is nothing to do with protecting children from the internet (there are already laws for that) but rather the ability to heavily censor web sites, channels and providers to comply with information put out by the government. Any dissent will now be targeted by legal action and heavy fines.

This is the establishment of GroupThink controlled by government and the eradication of dissenting views, no matter how accurate and factual they are. Government lies can be promoted and an individual's truth can be eradicated by the act.

### EU censorship plans

The EU is generating a new law similar to Britain's On-Line Safety Act.

eIDAS 2.0 is a revision of the original digital identity law that began in 2020. It changes how browsers deal with security and website authentication while launching an identification app (EU ID Wallet) for all Europeans. Providers and citizens have been warned by commentators that they could be endangered regarding their security and privacy.

Repercussions of Article 45 include:

- The law will give EU states the right to issue proofs of trust which web browsers will have to accept as truthful. Browsers will be unable to remove these certificates even in cases where they notice malicious activities or lies.
- Governments will be able to intercept all internet traffic.
- It installs a surveillance regime worse than China's.
- Even the most secure VPN app will be unable to prevent it.

We are all in the larger security community shocked. I don't think the European parliament knew what they were doing. ... This is all super dangerous stuff, it's amazing that such an idiotic rule has passed.

Harry Halpin, CEO and co-founder of Nym Technologies.

### French censorship

France is about to make it illegal to criticise mRNA vaccines. A new law (Article 4) will make criticism of mRNA vaccines punishable by up to three years in jail and a fine of 45,000 Euros.

### **German censorship**

Germany has announced wide-ranging plans to restrict the speech, travel and economic activity of political dissidents in order to better control the thought and speech patterns of its own people.<sup>88</sup>

### **Canadian censorship**

The Canadian version, the On-line Harms Bill (Bill C-63), calls for a new hate crime offence sanctioned by up to life imprisonment and a \$20,000 fine. Of the seven categories of offence, one is '*foments hatred*'; just what does that mean? However, section 319 of the criminal court plus Supreme Court decisions, suggest that it includes anti-Semitism. Supposed 'hate speech' would also result in a fine of \$20,000.<sup>89</sup>

### **WEF control**

The WEF is opposed to human rights. Its spokesman Yuval Harari recently stated that, '*Human rights are fiction, just like God*'.<sup>90</sup>

### **AI censorship**

The US government is funding AI systems for patrolling on-line censorship. This can then be used to suppress, silence and shut down whatever speech they don't like. This was discovered by the US House Select Subcommittee on the weaponisation of the Federal Government, interim report, 5 February 2024. The government is using universities and non-profits to develop this.<sup>91</sup>

The cabal plans that AI not only completely controls all social media but generates most of the content. AI will become a powerful police tool to completely manipulate people through social media. This will be the main means of social engineering beginning now.

### **The hatred excuse**

More and more people are being penalised on the fabricated basis of engendering hatred – though what this means is never defined properly.

Activist Sam Melia was recently jailed for two years for the crime of putting anti-immigration stickers on property. The judge accepted that the messages on the stickers were not illegal and were within the bounds of free speech. They included: '*It's OK to be White*'. However, because the messages may inspire hatred to certain people (mostly Jews), Melia was imprisoned. So Melia was jailed for committing no crime at all. This was done to stop his activism.<sup>92</sup>

Then a Spanish priest faced three years in jail for the hate crime of criticising Islamic extremism in a 2016 article.<sup>93</sup>

Last year Russia prosecuted 400 people for statements made on social media. This is bad enough. However, the UK prosecuted 3,300. Which one is the more totalitarian?

## The development of full despotism in the EU

Parliamentary democracy (not that it really existed in the EU) is now seen as a hindrance to governance and so plans are in train to restrict who can vote about new issues. Parliamentary representation is to be cancelled to be replaced by the decisions of five unelected bureaucrats.

The EU recently blackmailed Hungary to comply with a vote regarding the Ukraine by threatening to collapse its economy if Victor Orban did not obey.

### Plans for AI to replace voters

This is advocated by the WEF.<sup>94</sup>

### The fact-checker propaganda machine

Various organisations have established themselves as ‘fact-checkers’. Some organisations, such as the BBC, have their own in-house fact checkers.

What has been proved over and over is that these are merely safeguards for establishment propaganda and have nothing to do with actual truth. This was proved in the Covid hoax when fact-checkers insisted that Covid vaccines were safe and effective; facemasks were effective; social distancing was effective; test and trace was effective; and lockdowns were a necessary policy. All these ‘facts’ have now been proved to be completely wrong from multiple studies. However, many people that were fact-checked at the time were smeared, ridiculed, some were fined, some went to jail, some lost their jobs.

### The rampant Marxist attacks

I will just list a number of items as I have explained this many times.

#### **Cultural Marxism**

This has, since the 1930s, been able to completely infiltrate all major institutions in the UK and elsewhere. It dominates education, the civil service, the police, the judiciary, local councils, the secret services, the NHS, the regulators and every aspect of life. Its purpose (like pure Marxism) is to destroy Christianity, the family unit, private property, capitalism and all the foundations of society to create destabilisation and chaos (from which a Marxist empire arises).

#### **The Fabian Society**

Similar to Cultural Marxism but more open.

#### **The Cloward-Piven Strategy**

This is a political strategy published in 1966 by Richard Cloward and Frances Fox Piven (professors at Columbia University School of Social Work). It aims to force political change leading to societal collapse through orchestrated crises. The aim is the fall of capitalism by

overloading government bureaucracy with a flood of impossible demands, massive unpayable national debt, unfettered migration, and other crises, hastening economic collapse

### **The plans of the World Economic Forum**

These are simply to create a new Communist society arising from the chaos of Covid. It includes Technocracy (complete digital control) and Transhumanism (human / nano-digital cyborgs).

The WEF famously reported, '*You will own nothing and be happy*'. This is Communism – the abolition of private property. Though you will own nothing, the Elite will own everything (they already own most things). However, the '*you will be happy*' line is a lie; no one is happy under a Communist system of oppression and control.

### **The plans of the Climate Alarmists**

This is a means to capture all global natural resources and also to control all human societies. The plans were developed in 1956 by the Rockefellers.

### **Agenda 2030**

The UN's plans for sustainable development are a smokescreen for a Socialist take-over of everything in society to create a serf state ruled by an elite.

## **The control matrix**

The world is run by global interests, as I have alluded to in the background to this paper. Powerful entities issue commands and national governments apply them.

However, many social policies don't even have that filter but global strategies are enacted at the local level with no intervention by government. Eventually national governments will be abolished altogether.

First, new policies are broadcast continually into the minds of the people by media, education and advertising, often using NLP techniques. This enables radical policies to be accepted without controversy.

Then the globalists dominate local councils, by-passing the executive, parliament and party politics. No one saw this policy in a manifesto, no one debated it in the Commons and no one voted for it, yet it becomes a local regulation.

Examples of this are:

- The appalling graphic, pornographic, debased, sexual education materials given to kids as young as five in schools.
- The policy of drag queens teaching kids in school with no qualifications.
- The Transgender agenda.
- Climate alarmism. For example, councils have declared a climate emergency (with no evidence) but the government has not.
- The adoption of Pride artefacts by schools and councils (flags, bank holidays, parades, published materials etc.).
- The installation of 5G antennae in all schools, hospitals and streets; despite no medical risk assessment.

This proves that global power structures dominate society and governments are powerless.

## Conclusion

The Elite are chipping away at freedom in every department. Laws are being passed criminalising speaking against this or that so that any dissent to government policy (no matter how supported by facts) is illegal.

We are now closer to George Orwell's dystopian GroupThink than ever before. Truth is obsolete in real terms; it is now what the establishment says it is and woe betides any gainsayers.

## Warning

The Elite plan is that there is no social freedom at all. It plans to control what you think through the AI control of social media, which will manipulate thought and control expressed speech. Those interested in freedom need to exit all forms of social media right now and mix more with real people in the real world.

The propaganda published by all mainstream news channels will continue to worsen and all forms of dissent will be gradually deleted. There will be unity of content being published. Dissenters will be labelled as extremists (usually Far Right extremists) and anyone disagreeing with cabal narratives will be labelled as a hater, a '-phobe' of this and that (e.g. 'Trans-phobe', 'homo-phobe', or 'Islama-phobe').

The institutions will continue to develop in Woke extremism becoming more and more exclusionary. Rational independent thinkers will be unable to get jobs in institutions. Only utterly compliant people will be employed. Students in universities will become more dumb and more brainwashed to be ineffective in real society, unable to perform even basic tasks.

Communism will gradually become more manifest in society as subversive strategies move into the open. The bedrock of free-market capitalism will be threatened and rocked with economic consequences.

## The engineered collapse of the food supply chain

I have discussed this many times but new revelations make this even worse. The sort of problems we now face are caused by social engineering:

- Encouraging farmers to stop producing food and re-wild.
- The government buying up farms.
- Imposing taxes and Green levies on farms plus environmental regulations all to discourage farming. [Hence the massive farmer protests in Europe.]
- Net-Zero policies increasing costs on farming.
- Demanding that farms diversify instead of growing crops.
- Cancellation of farm subsidies.
- Demanding that farmers use EVs.
- Demanding that farmers use automated systems ('controlled environment farming').
- Encouraging the use of robotic systems.
- Demanding the use of GMOs.
- Encouraging vertical farming using LEDs.
- The Elite's attack on farmers has now resulted in farming protests all over the world, beginning in The Netherlands, France and Germany.
- The EU passed a Nature Restoration law which allows for massive land grabs and heavy restrictions on farmers.
- Welsh farms must now dedicate 10% of their land to rewilding and a further 10% to planting trees. This would collapse many farming businesses.
- Policies (e.g. sanctions on Russia) that created a massive rise in fertiliser costs.
- Killing millions of chickens on false pretences (e.g. Covid).
- Poisoning US chicken feed.
- Killing tens of thousands of US cows.
- Burning down multiple US cattle barns.<sup>95</sup>
- Wildfires killing US herds.<sup>96</sup>
- Farms being poisoned by contaminated fertilisers.<sup>97</sup>
- Increasing taxation on farmers or increasing diesel costs.
- Farmers not sufficiently Woke can have their bank accounts shut down without notice. The attack structure works through the UN's Net-Zero Banking Alliance.
- Spraying polymers into the air (stratospheric aerosol engineering).<sup>98</sup>

---

<sup>95</sup> End Time Headlines, 'Multiple cattle barns burn to the ground in Rock Island, Illinois'. [Video.]

<sup>97</sup> Natural News, Ethan Huff, 'Lawsuit accuses Synagro of poisoning farms with PFAS-contaminated biosolids fertiliser', 1 March 2024.

- Spraying multiple toxins in the air, such as aluminium or barium which pollute the soil with heavy metals.
- The destruction of over a hundred food processing plants by fire, explosions and plane crashes. Another US huge chicken processing plant exploded and burned down as reported yesterday (29 January 2024).
- Termination of US food transport contracts on road and rail.
- Creating inflation (by printing money) so that food prices are massively increased (some items up over 50%).
- Creating greater demand for food (UK inward migration last year alone was 1 million people).
- Climate alarmists are now complaining that homegrown garden food is increasing a home's carbon footprint.<sup>99</sup>
- Videos show empty food stores in France and Belgium.
- Collapsing the food supply chain during lockdowns.

The claimed reason for this attack on farming is the lie about CO<sub>2</sub> danger and climate change. As I have explained many times, this is a complete fabrication used to drive social control and steal natural resources.

The impact of anti-farming and Net-Zero policies is catastrophic, as they will destroy food security. We need more farms to reduce our risk from the importation of food in an unstable world. Add to this the Net-Zero aims of eradicating shipping, closing airports, discouraging home-grown produce, and increased traffic problems then Britain will certainly face food shortages in the near future.

There is no doubt that soon a food crisis will unfold, probably by the summer of 2024 and will continue until 2026. There is already a crisis in some developing nations. This was predicted and planned by the UN decades ago, These years were called, '*the killing years*'. It is already impossible to get certain items in supermarkets.

### **The gradual imposition of non-food**

This is the promotion of insects for protein and synthetic laboratory meat following a ban on natural meat. For those who think that this is false news, consider that Welsh schoolchildren are already being fed insects today. Tyson Foods have recently launched an insect protein production plant to supply the global food chain.<sup>100</sup>

These alternative protein forms are highly dangerous to health. Insects constrain parasites that are not always killed in cooking. They also have exo-skeletons made of chitin, which is extremely harmful to the digestive system. Eating insects will hurt you.

Recent studies on synthetic meat have also shown that there are significant health dangers in consuming this Frankenstein rubbish.

Why the promotion of this non-food and eradicating meat from diets? The answer is that the Elite know that meat consumption is extremely healthy. Some people have eaten only meat and found that they were healed from long-term problems (Jordan Petersen is a case

<sup>98</sup> Popularly known as chemtrails. This has been going on for decades and is openly admitted by the US in Congressional documents and the UK by the government.

<sup>99</sup> All News Pipeline, 13 February 2024.

<sup>100</sup> Briteon, video report, 26 February 2024, 'Tyson Foods ....'.

in point). Meat is good for you; natural saturated fat is good for you; but the Elite don't want you knowing that. This is why they demonised meat from 1950 with the fabricated studies of Ancel Keys, which became accepted. This led to the fear of saturated fat and the take up of low fat diets (which is bad for you) eating seed oils, processed food, food stuffed with High Fructose Corn Syrup (which leads to diabetes 2), transfats and worse.

The Elite do not want you healthy so good things (eggs, whole milk, butter, red meat etc) were demonised. In recent years people have started to realise the truth (e.g. Ketogenic diets) and so the cabal is now trying to eradicate meat from the shelves.

## **The principle of trash consumption**

The strategies of the Elite can, in one sense, be reduced to the principle of feeding everybody with trash to damage and destroy every area of their life. Thus we see the following:

### **Trash food: damage the body**

See elsewhere in this paper. Almost everything in a supermarket is essentially toxic unless it is organic (and you cannot even trust the label). This toxic food causes all sorts of maladies and especially cancer. Buying processed food also prevents people from learning the basics about preparing food from scratch, cooking properly, varying diet, understanding seasonal variation etc. Toxic food also diminishes IQ.

### **Trash medicine: fail to effect proper health**

No medicine is 100% safe; all medicines have side effects. No doctor fully understands what happens when you prescribe multiple pills in a cocktail; the chemical reactions are not known, neither are the effect of these on the body. This often results in more illness. E.g. statins. These do no good whatsoever but cause appalling damage to the liver and cause muscle fatigue and many other problems. The principle for them (regarding cholesterol) is a lie; dietary cholesterol does not cause heart disease but a lack of cholesterol can lead to heart attacks (76% of American who died from heart attacks had low cholesterol).

### **Trash water: damage the body**

Our water is not filtered properly, even though there is the technology to do this. Harmful particulates, and worse, are consumed by drinkers. Even worse, additives include chlorine, which is harmful to human health. Then there is fluoride about to be rolled out everywhere in the UK which causes nerve and bone damage as well as diminishing intelligence.

### **Trash the air**

The air you breathe is no longer pure as God intended. It is being constantly polluted by multiple sources.

In urban areas there is the pollution of car exhausts, industrial waste products, energy generation, transport of various types (the London underground has the worst air pollution). In rural areas there is the pollution created by wood burning stoves and garden fires (which create dioxins that cause cancer) and pollution by industrialised farming methods.

Even in wide open spaces there is air pollution since chemtrails cover a very broad area pumping out 40 harmful chemicals that cause disease.

### **Trash moral input: damage the soul and the conscience**

This takes many forms:

- Free hard-core pornography available on the internet, even to kids.
- Trashy superficial films driving ethical agendas.
- Trashy documentaries filled with lies and propaganda (especially from David Attenborough).
- Trash news that drives social engineering that is based on government propaganda.

### **Trash appliances**

Almost everything in the modern home has a toxic repercussion. This includes: cleaning products, soaps, upholstery, carpets, fire retardants, electrical appliances creating EMF radiation, wi-fi, and so on. Electricity SMART meters are extremely dangerous.

### **Trash spirituality: deceive the soul**

- Trash formal religion that is harmful to true spirituality and Biblical principles.
- Institutional established religion, which is full of hypocrisy and is spiritually dead.
- Occultism, which is evil (it is based upon Satanic deception pretending to be innocent) and has a negative effect on the personality. In extreme cases it has often led to suicide.
- Cults of many stripes.
- Superficial mystical nonsense. Sadly many truthers fall for this sort of rubbish.

### **Trash truth: prevent people from access to divine knowledge**

Feed people with lies in every area. In terms of news, education, human knowledge, philosophy, anthropology and social sciences. This leads to failure to have the right information to make solid judgments in life. Trashing spiritual truth (such as in bad Bible translations, false teachers, deceiving demons) leads to heresy and a failure to understand the true Gospel or have any genuine knowledge of God.

## **Animal experimentation**

The European Medicines Agency is pushing plasmid DNA vaccines for veterinary use.<sup>101</sup> Even the guidelines admit that this could cause cancer; but the result is changed animal DNA. In other words, a Frankenstein creature. What happens if humans eat treated animals?

## **Fertility collapse**

Western societies have long been in a slow decrease of fertility so that many populations are no longer sustainable. Some people types, such as Japanese, face ultimate extinction in decades due to births not reaching the replacement threshold.

In Britain, fertility is at an all-time low, prompting warnings that this could cripple the economy. Meanwhile, Muslim migrant populations have a policy of every mother producing multiple children. This will gradually see Islamic populations overtaking the indigenous British population, as it already has in Birmingham.

---

<sup>101</sup> European Medicines Agency, 236 January 2024, WEMA/CVMP/IWP/365817/2022, Committee for Veterinary medicine products, Guideline on plasmid DNA vaccines for veterinary use.

Some of the causes of this are malevolent and are part of the cabal's eugenics programme against White people. Sterilising products are found in food, drinking water, and chemicals released in the air by chemtrails. For example, birth control hormones are present in the water supply. Some pesticides that contain compounds that cause sterility have been found in the water supply. Bisphenol A (BPA) and phthalates have also been discovered. Food has been proved to cause sterility (see earlier). Fertilisers have also been proved to cause sterility.

Vaccine programmes have been proved to cause sterility and various organisations have taken this issue to court, such as against Bill Gates' polio vaccine in India and Africa. However, you won't easily find data on this on search engines because it is heavily censored. There is now ample evidence that the Covid vaccines have caused stillbirths, spontaneous abortions and sterility. The mechanisms of this are now established.

Sterilisation is just one aspect of the Elite's depopulation agenda.

## **The increasing collapse of 'sustainable' energy projects leading to energy shortages (e.g. Net-Zero)**

I have explained why Green energy projects are not green, are not sustainable or efficient and pose real dangers, elsewhere several times.

The chickens are now coming home to roost.

- Early solar panels are coming to the end of their life span and cannot be recycled. There is an impending crisis of what to do with millions of solar panels that will pollute the soil if buried.
- Solar panels are being destroyed by heavy hailstorms.
- Solar panels in many homes have proved to be inefficient. Many solar firms have gone bust.
- Wind turbines are rusting, cracking and collapsing. Several have blown over in high winds.
- Turbines are contributing almost nothing to the grid; often less than 5% of the grid and in many cases zero. Yet they require electricity and diesel engines to power sub-systems.
- Turbine costs are off the charts and investors are not interested in them anymore, even with government subsidies of millions. A recent government offshore contract had no bidders.
- Turbines, which last less than 20 years, cannot be recycled or easily disposed of. They are an environmental disaster.
- Countries that heavily invested in Green energy have been unable to garner sufficient grid power in a cold winter. In some areas blackouts are common. Some countries have been forced to re-commission coal-fired power stations to survive. In Australia EV cars are being charged by systems that burn wood.

### **Implications of Net-Zero (bringing anthropogenic CO2 emissions to absolute zero).**

As I have explained this often I will just give a few bullet points.

- Eradicating all shipping (how will we get sufficient food?).
- Closing all airports but three (Belfast, Glasgow, Heathrow) by 2030. Only one by 2050.

- Restricting air travel (say once every two or three years), eventually cancelling all air travel for citizens.
- Eradicating all petrol / diesel cars (this will never happen).
- Getting rid of cats and dogs as pets.<sup>102</sup>
- Only allowing three new purchases of clothes per year.
- Terminating domestic food growing in gardens.
- Terminating the domestic livestock of chickens in gardens.
- Ceasing the production of steel, cement and glass.
- Building homes from pressed-mud and thatch.
- Eradicating gas central heating.
- Eradicating gas cookers and boilers.
- Eradicating wood-burning stoves.
- Heating homes by inefficient heat pumps that don't work, make a lot of noise and cost over £20,000 to install.
- Fining homeowners for imperfect insulation.
- Trusting wind and solar to provide national energy (impossible).

In general terms this is going to crash Britain's economy, drive us into a pre-industrial age and cost trillion of pounds to achieve nothing useful. Needless to say, it unfairly damages the poorest people most. It also creates trillions of profits for large corporations.

## **Social governance institutional fraud**

The systems that govern us are thoroughly corrupt and riddled with fraud. This has been proved by the investigations of a former police officer, Gary Waterman, who has irrefutable evidence of the scope of the fraud which is international in scope and trillions in value.

This fraud includes:

- The HMRC is fraudulent, therefore, paying taxes is aiding and abetting crime.
- Banks are forging documents and engaged in fraud.
- The police forces are engaged in fraudulent activity at the higher levels.
- The Home Office is included in this fraud. Some of the systems supporting this fund were established under PM Theresa May.
- Companies House is fraudulently recording incorporations data and covering fraudulent activity. Names, addresses and financial data are falsely recorded. Very many companies are trading unlawfully.
- Real Estate practices are riddled with fraud.
- Mortgage systems are fraudulent.
- Council taxes are part of a corrupt fraudulent system. Councillors are linked to companies that are part of this corporate fraud.
- The SWIFT banking transfer system is connected to this corporate fraud.
- Offshore bank accounts are connected to this corporate fraud.<sup>103</sup>

<sup>103</sup> See YouTube, Richard Vobes, interview with Gary Waterman, [Garythetruthsetsusfree@gmail.com](mailto:Garythetruthsetsusfree@gmail.com), The fir'Explosive evidence of government fraud', 9 March 2024.

The fraudulent system is linked to: companies located in the Twin Towers at the time of their collapse; the Maxwell family; Jeffrey Epstein, the PPE scandal, Green Seal, and much more.

When the police officer reported this fraud to: the local police area, the Serious Fraud Office, and the Home Office, no one wanted to investigate.

Your taxes, which you pay at higher rates than the rich, are being used to fund fraudulent corporations, which then produce weapons that are used in genocide. Your tax money, which was used to provide weapons and munitions to Ukraine and Gaza to kill civilians, utilises a system of corporate fraud by a corrupt government to make fraudsters rich.

Everything in bureaucracy around you is riddled with corruption and fraud. Nothing is at it seems.

Documents showing irrefutable evidence of this grand fraud can be obtained from Gary Waterman directly (who is on the run for his life).

## **The increasing pressure to create 15-minute cities and LTNs**

Even supporters of these policies now realise that local infrastructure simply cannot cater for this project.

For decades the establishment generated policies that led to large stores being sited on the outskirts of towns in industrial sheds requiring cars to travel to buy goods. This killed off all the local shops in towns: butchers, bakers, grocery stores, newsagents and small goods. Once people could walk to buy essentials, now they need a car.

There just is not an infrastructure to supply 15-minutes cities where people do not travel outside their zone for fear of a fine. Most people do not have a local school, doctor's surgery, pharmacy, post office, dentist, hospital etc.

Trades and builders are going to need to cross zones all the time; so will their suppliers of materials, such as timber or concrete.

Mobile jobs will also be in trouble, mobile hairdressers, mobile opticians, mobile therapists, gardeners, tree surgeons etc.

The suggestions of people that push this agenda are facile in the extreme, such as getting people to use a tricycle or a boat. How would that work for a builder or even a hairdresser carrying a large hairdryer and stand?

Delivery of appliances will also be affected.

If the fines are added to customer's bills, this will drive up inflation even more.

But the real issue is the need of vital services and support groups that cannot take the chance of using the ring road and getting stuck in traffic jams for hours (which is what is already happening). This includes meals on wheels, children needing to care for elderly sick relatives, and so on. Will ambulances be exempt (they haven't been so far)?

Even though the hazards are clear and obvious, the people in control are still pushing this project very hard. This means that life for everyone will be worsened and possibly put at risk. In Streatham (London borough) the LTN scheme caused so much congestion (raising air pollution) on the A23 that a three-mile bus journey took two hours. It had to be scrapped.

We know that the real reason for this agenda is to enforce social control and trap people into specific zones where they can be surveilled. However, if this is universalised it will cause massive social harm.

## Transhumanism

I have explained this many times. The Elite seek to create a new type of human being, one that is a chimera of man and machine; a cyborg. This is to enable continual surveillance and control. It is being achieved through the vaccination process whereby nano-digital particles are pumped into the blood stream, such as graphene particles. These self-assemble into circuits and antennae enabling communication with external devices. Vaccinated people already identify as a MAC<sup>104</sup> address on Wi-Fi devices.

The Elite eventually seek to fully control thoughts and behaviour. This technology actually exists already in lab trials. So cyborg people (everyone vaccinated) will not only be surveilled every minute but will be directed by technology to think and behave in certain ways.

Without further ado, the following speech says it all.

The final goal is to eradicate humanity, as we know it. Once you understand the final destination, it becomes much easier to look back and identify the psychological conditioning, the biological tampering, the cultural grooming and the educational prepping that we have been subjected to for decades in preparation to making us accept a post-human future.

It takes a lot of physical and psychological abuse to get an intelligent species like ours to agree to its own extinction. Most if not all that has transcended in the last 60 years was designed to get us closer to accepting such a dystopian reality. Whether you care to accept it or not, we live in a hyper-controlled matrix where our reality is meticulously planned, managed and executed in order to control and steer us in whichever direction they wish; and the direction is a post-human world.

For this they first needed to destabilise, dehumanise and demoralise humanity through every means possible. The destruction of the nuclear family. Children being indoctrinated by the state. Abortion. The eradication of God and spirituality from education. Life in mega cities and toxic food, air and water. Social media replacing real human connection and interaction and engineered financial crisis and taxation. Endless wars and massive migration, stress, anxiety depression, drugs and alcohol. Constant fearmongering. Moral relativism as the new religion. And I could go on and on about how humanity has been influenced and forced to move away from all the things that give us strength, security, purpose and meaning.

---

<sup>104</sup> Medium Access Control.

A weak, immoral, disconnected, ignorant and unhealthy population is an easy target for the next stage, the creation of an entire generation of androgynous beings. Masculinity is under attack psychologically, culturally, and biologically. Women are being replaced in sports, entertainment and politics by men pretending to be women. And children are being indoctrinated in schools to think that gender is a choice.

The Transgender Movement is not a grass root movement; it comes from the top. It has nothing to do with people's freedom of expression, sexuality or civil rights. It's an evil psyop with a clear agenda to get us closer to Transhumanism by making us question the most fundamental notion of human identity; our gender. If you don't know who you are; if you already identify as hybrid between a man and a woman, you will become easily convinced to become a hybrid between human and machine.

Gender ideology is the two plus two equals five from George Orwell's '1984' dystopian novel. It's the final test to see whether we will follow the most absurd party line towards our own extinction. But two plus two equals four, and no matter how you choose, dress, call yourself, change your physique will not change that. The sad reality though is that in the gaslighting process to get us closer to post-human future they have mentally and physically harmed an increasing number of children and young people; and it's only getting worse. This must be stopped.

Elon Musk has already implanted a neurolink brain chip into a person and has plans to massively develop Transhumanism, such as by exporting human consciousness.<sup>106</sup> China has a plan for implanted brain chips (computer interfaces) by 2025.<sup>107</sup>

During 2024 this process will increase and accelerate. This is why multiple vaccines are coming down the line with relentless coercion and scaremongering from health agencies and the WHO. To get to anti-vaxxers it is being proposed to put vaccines in lettuce and tomatoes.<sup>108</sup>

## Technocracy

The global Elite are technocrats. They envisage a coming society that is dominated by technology; where robots, AI, algorithms, androids, cyborgs and nano-digital technology will run everything; humans become near obsolete. This is Klaus Schwab's 'fourth industrial revolution'. [See, 'Economic Crises' later]

This doctrine, that technology can save us from inefficient and corrupt political leaders, has been around since the 1930s but it is still stupid. It is merely scientism; worshipping

### **The surveillance state**

We are moving swiftly to constant surveillance from every direction. This is centred in appliances and within the body.

The Internet is an international net – something to trap you. The worldwide web is a web – something to trap and contain you.

### *Internet of Things*

This is the inter-connectivity of telecommunications generated by appliances. Many domestic appliances are already installed with wi-fi transponders. This system ensures that every area of your life is reported back to the state for control and, if necessary, sanctions. Eventually this will be administered within a social credit system. This is already occurring in China.

- Your SMART fridge will report if you have too much food present and you are therefore wasting carbon and energy.
- All your food purchases will have microchips in the label so that your choice of food can be monitored. This is already happening. Eventually, you will be restricted from purchasing certain items above your allowance.
- Your SMART television (many are doing this already) will monitor and report everything said in your lounge and all your choices of TV programmes and websites.
- Your computer is already reporting on all your browsing history and copying your communications (emails, messages etc.) to GCHQ.
- Your SMART 'phone is fully monitored and all your communications archived by GCHQ.
- Your SMART meter will report your energy usage and if it is too high you will be sanctioned. The state is able to turn this off remotely.
- Your SMART boiler will report if you are using too much energy for heat.
- Your car will check if you are driving too far or too fast, resulting in restrictions.

When social credit and CBDCs are brought in, sanctions will include immediate fines, suspension of banking facilities, social restrictions, restrictions of food and food types (i.e. your protein will be insects alone), restrictions of mobility, remedial correction courses, and imprisonment.

### *Internet of bodies*

This is total surveillance of every aspect of your life through implanted nano-technology. This began to be inserted via the Covid vaccines (the purpose of the fake pandemic) and each booster is an upgrading of the operating system based upon graphene oxide. The head of Moderna openly boasted that the shot was injecting a computer operating system.<sup>109</sup>

---

<sup>109</sup> 'We set out to create an mRNA technology platform that functions very much like an operating system on a computer. It is designed so that it can plug and play interchangeably with different programs. In our case the program or app is our mRNA drug – the unique mRNA sequence that codes for a protein.' Original sources for this have been deleted and it is only available on secondary sources.

Every body function will be monitored: heart rate, blood pressure, respiration, infection levels, pulse rate, various blood content levels and even mood. This will be connected to an internal digital identity, which will be the basis of your ability to function in the state. Want to buy food? You will need an internal digital ID before entering the store. This is already present in some supermarkets based on a 'phone ID. Need medical treatment? You first need to show digital ID.

Not long in the future the state will actually be able to programme your thinking and mood. Klaus Schwab has already boasted about this as part of his Transhumanism agenda.

### **AI and robotics**

Artificial Intelligence systems are already being rolled out everywhere. Experts estimate that certain aspects of industry and society will be 95% run by AI systems within ten years. The government eventually will run the state through an autonomic system run by AI. Pakistan already has an AI criminal identification system in place.<sup>110</sup>

The WEF intends to replicate a person's brain so that the person's physical body can die but the mind lives on as artificial intelligence. The person lives on as an avatar in the metaverse. The WEF's metaverse is called 'The Global Village' and was launched in January 2023. It is a version of virtual reality. Klaus Schwab said that those who master the new technologies, including the metaverse, will have control over the world.<sup>111</sup>

New AI technology tracks emotions based on biological systems such as vocal tones, facial expressions and data from wearable devices or even how people use their computers. It then predicts how a person is feeling. This has an impact in hiring and health care. It is being used in call centres, finance, banking, nursing and caregiving.

Ex-Google executive Anthony Levandowski is founding a church where people worship an Artificial Intelligence God. A recent headline said, '*Why humans will happily follow a robot messiah*'. This is because scientists state that AI will be a billion times smarter than humans.<sup>112</sup>

Technocrats smile with glee about this believing that it is a wonderful thing that will provide freedom and efficiency (clearly they have limited memories). My caveats would include:

- **What happens when there is a power blackout.** Reliance upon sustainable energy supplies ensures that this will become a regular occurrence.
- **All computer systems breakdown often** for a wide variety of reasons (chip malfunctions, breaking parts, too much heat, software malfunction etc.). Even with back-ups, trusting solely in computers is dangerous.
- **Sometimes computer software malfunctions in hidden ways that are overlooked; meanwhile massive errors occur endangering people's lives.** The classic example of this is the Horizon software from Fujitsu to manage the accounts of sub-postmasters (at a massive cost). This system was flawed from the start but at first the errors were unknown and later covered up. Meanwhile honest sub-postmasters' lives were ruined as accounting losses (that only existed in the digital

ether) resulted in prosecutions, loss of livelihood and prison sentences. Some committed suicide. For many years the system errors were denied until finally exposed in a scandal through a TV drama followed by Parliamentary scrutiny.

- **Who inputs the data and protocols that run the AI?** Garbage in, garbage out. Note the Google's AI which portrayed historical figures (George Washington, vikings, knights in armour etc.) as black.
- **What happens when systems are hacked.** Supposedly secure systems of banks and even the Pentagon have already been hacked leading to massive loss of data and money. No system is fully secure from hacking as the technologies develop in parallel.

The UK NHS is already using AI and robotics and plans for the whole apparatus to be run digitally within a few years. Eye surgery is already being performed by robots with all surgery being planned to be by robots in time.

Diagnosis is planned to be by AI completely, eradicating GPs. Diagnosis will be on-line and most treatment is to be completed at home. Only five conditions will result in hospitalisation (such as anaphylaxis, sepsis, pneumonia etc.) all other hospital departments will close. Treatment outside the home will be done in community hubs, aggregations of several GP surgeries.

Where AI has been introduced it has led to a worsening of treatment and care. For example, a doctor refers a patient for an MRI scan because they need one. Now the patient has to first complete an on-line form which takes up to an hour (remember this person is sick; and what if they have no computer?). Cases have arisen where the AI refuses the scan despite a doctor demanding one. What happens when the GP is taken out of the picture?

Bill Gates has recently stated that AI has the potential for new global controls.<sup>113</sup> Who will control the AI that controls the world?

AI cloning can already take over a 'phone call in real time without the speakers knowing.<sup>114</sup> The potential for fraud and manipulation is staggering. In Hong Kong an employee transferred 25 million US dollars to five bank accounts after a virtual meeting with audio-video deepfakes of senior management.

Elon Musk has stated that AI is the biggest threat to humanity. 2024 will see the massive growth of AI systems in society; I doubt that it will be pleasant.

In January 2024 ChatGPT went rogue. It started spouting gibberish, Latin and making up words and could not be stopped.<sup>115</sup> In another case, poisoned AI went rogue during training and could not be taught to behave again in a study that has been called 'scary'.<sup>116</sup>

AI pioneer Eliezer Yudkowsky has warned that humanity may only have a few years left as artificial intelligence grows increasingly sophisticated. He said that it looks more like five years than fifty years.

### **On-line servitude**

Researchers have stated that 90% of on-line content will be written by AI by 2025. What does this mean?

You need to understand the Elite's purposes in developing the Internet.

The Internet was designed in order to make everyone dependent upon on-line services. Every aspect of Internet services was designed to create on-line addicts; whether this was gaming, pornography, podcasts, music, academics, dating or just looking at cats. By making everyone trust in on-line services instead of real life, the cabal could then control people by controlling their content.

The first phase is now complete. Most people are utterly dependent upon the Internet for most things in their life. Who would have thought that finding a personal romantic relationship would now be dominated by Internet dating agencies. Even churches, that should be promoting real life experiences and normality, instead set up Christian dating sites on-line.

In 2024 and the coming years the control of the Internet will be weaponised by the Elite for complete control over people. This will include constant surveilling, suggestibility and manipulation and worse. Internet sites will actively try to dominate thought patterns and change human behaviour through psychological manipulation.

Now we know that social media websites were either set up by the secret intelligence services, or were later colluded into partnership with them. Facebook (Meta) is a classic case of a social media website set up to data-mine member's information and later to influence choices, such as voting, or manipulate emotions and attitudes. In the coming months this will be supercharged. Mindless people addicted to staring at their 'phone will become completely controlled drones through highly developed behavioural psychology manipulation.

The Elite do not just seek to control citizens' movements, through 15-minute cities and other projects, nor just follow their movements through facial recognition cameras, but they want to completely control their minds. This is done partly by the Transhumanism project but also by the complete control of the Internet.

### **Chinese death vans**

This is being hidden from the West but is openly propagated within China to scare the population. It is a means of social repression. Vans travel to kidnap dissenters, put them in a van where they are executed by lethal injection or shooting. They have existed for a long time but are now openly referred to.<sup>117</sup> In rural areas people are just thrown into a ditch and shot by police. There are videos showing this. Up to 2001 prisoners were shot en masse in public stadia.

China became a model for draconian martial law as a response to a not severe flu – something no one believed could be possible in the West. Despite its lack of

---

<sup>117</sup> YouTube, Knowhy86, 'Inside China's disturbing death vans – they're real, common and very scary'.

epidemiological evidence, the West copied Chinese severe policies. Chinese death vans are a warning to beware what the Elite has planned.

## **Destruction of historical records**

The global Elite hate history because it teaches us so much. Thus the Rockefellers began the control of history education in 1908 and gradually completely took over all teaching of history by the late 20<sup>th</sup> century. School-leavers today have almost no understanding of history at all, apart from WWII, the Holocaust and some minor points, and even these are twisted.

The destruction of history is continuing with a UK Ministry of Justice consultation to destroy original copies of Welsh and English wills going back to 1858. Wills will be digitised and the originals destroyed. This will inevitably lead to many documents being damaged or obscured (this always happens when someone has to laboriously digitise thousands of documents). Clerks become careless and parts of the document are not copied, hands obscure the lens, papers cover other papers and so on. Furthermore, digitised documents can be hacked, deleted, and corrupted. Inevitably data will be lost.

## **Warning**

Food shortages are now almost certain, certainly in less advanced countries. The implications of Net-Zero are becoming ever more apparent as people wake up to the threat to society. Technocracy and Transhumanism threaten to destroy every social freedom mankind has ever known. Unless sustainable energy schemes are overruled there will be blackouts in winter as a matter of course.

The imposition of trash into every area of life, especially food, will make people sicker and sicker but doctors will say that it is genetic or bad luck. If processed food is curtailed by some emergency, many younger people will be unable to cope, having never had to prepare and cook fresh produce. Many young adults today cannot even boil an egg let alone gut a fish.

The increasing use of robotics and AI will mean that there will be massive unemployment beginning now. 4% of these will commit suicide (that is an accepted standard figure). Young unemployed people with no future in this technocratic society will be tempted into crime – the statistics of which will explode (it is already at shocking high levels). Those with nothing will start to steal from those that have.

Society will begin to unravel as all these strategies start to coalesce.

## Environmental crises

He who builds His layers in the sky, and has founded His strata in the earth; who calls for the waters of the sea, and pours them out on the face of the earth -- The LORD *is* His name. Amos 9:6

### Weather manipulation

He who controls the weather will control the world.  
Vice President L B Johnson, Texas State University, 27 May 1962.

Governments are trying to manipulate the weather via chemtrails. This has been openly admitted, even by the UK government,<sup>118</sup> and US Congressional documents show the development of this since at least 1945. This is not a conspiracy theory, it is an openly admitted fact. President LB Johnson gave a speech in the mid-60s stating that the US would weaponise the weather.

This practice has been used militarily since the Vietnam War when Operation Popeye sought to worsen the monsoon rainfall over the Vietcong supply routes (Ho Chi Minh Trail) from China.

The Green agenda has also produced insane policies, such as Bill Gates' plan to, '*dim the sun*'. The pandemic agenda has seen some nations (Spain, Australia, USA) spray vaccines from the sky. Projects include:

- Dumping chemicals into the sea to change the ph.
- Dump sodium hydroxide dyed with chemical compounds into the sea to create a 'carbon sink' to draw CO<sub>2</sub> out of the atmosphere.
- Injecting reflective particles in the sky to dim the sun.
- Blasting brine mixtures into the sky to create larger brighter clouds.
- Spraying chemicals into the atmosphere.

'Geo-engineering' is the term used to describe this process. It is achieved by stratospheric aerosol injection; that is spraying various chemicals and molecules out of aircraft at high levels into the atmosphere. The grid patterns resulting from these operations, which are clearly observed everywhere on a regular basis, have been nicknamed, 'chemtrails' (as opposed to 'contrails' – condensation trails).

The sorts of toxins released by this process include aluminium oxide and barium, but dozens have been noted. It must be stated that these chemicals cause medical harms to people that breathe them in (aluminium causes dementia for example) but they also pollute the soil and water supplies. Rock pools at high altitudes, that should be pure water, have been found to contain the chemicals released by stratospheric injection which do not

---

<sup>118</sup> 'SRM [solar radiation management] technologies reflect some of the sun's energy that reaches Earth back into space. Examples include the brightening of marine clouds and injection of aerosols into the atmosphere.' See bibliography, UK Government.

occur naturally. This policy can only be described as insane. Ten million tons of aluminium have been dumped on people according to experts.<sup>119</sup>

Scientists that have been studying this for years are alarmed that weather systems are being made more severe and are targeted at certain locations. Those of us that are older have noticed that weather systems are not normal. Take, for example, the huge amount of rainfall in the autumn of 2023, followed by ten severe storms (including winds of over 95mph) into February 2024 and beyond.

### **Purpose**

The maniacs in control have openly stated that they want to cause massive distress, fear, anxiety, and depression in the population. A downtrodden populous will give in to totalitarianism without a fight. The Elite do this through various means but one of them is extreme weather, such as continual rain for months, floods, and storm damage.

There are many other purposes in this policy, including warfare, making people sick, forced vaccination, and destruction of farmland.

The powers that be have warned that the weather is going to become more extreme in the future, which they blame on climate change but which really stems from weather manipulation.

In 2024 we will see more extreme weather situations.

Note the plans of Bill Gates to dim the sun. This unelected psychopath has the money to fulfil this plan. Calcium carbonate dust is to be sprayed into the stratosphere to reflect the sun's rays.

## **The destruction of trees**

This proves that the hypocritical people in control care nothing about nature but only money and their plans for control over everything. While gibbering on about the environment, climate change and the need to protect the planet, they are destroying trees by the thousands globally.

The 5G rollout requires the destruction of thousands of street trees, the very things that create oxygen, wildlife habitats and beauty in dense urban areas. This is because the transmission of 5G signals cannot pass through dense leaves. In recent years Sheffield alone felled 5,000 street trees; but this is occurring in every tree-filled city and town.

Bill Gates has a policy of destroying trees and burying them in the ground in order to defeat climate change. How that works is beyond me.

Germany is about to destroy thousands of trees in a historic forest that was the setting for Grimm's fairy tales. This is to make way for a forest of wind turbines. So a false Green solution to energy production involves killing thousands of trees.<sup>120</sup>

---

<sup>119</sup> Rumble, Allshallberevealed, '10,000,000 tons of aluminium dumped on us and expert admits the consequences are unknown',

The British Drax power station is fuelled by biomass pellets. These are formed by felling hundreds of years-old trees in Virginia and other US states; transporting them by trucks; processing them into pellets; transporting them to the coast; shipping them across the ocean; then transporting them to the power plant. The amount of CO<sub>2</sub> created is far more than burning local coal or using nuclear generated power, but this is deemed as sustainable.

The mining process for cobalt and lithium to make EV batteries is an environmental and humanitarian disaster. The cobalt mining involves child slave labour where unprotected processes result in sickness and death. Cobalt and lithium mining uses large amounts of water which becomes polluted creating sulphuric acid which destroys the local environment and pollutes the groundwater supply. Open cast mining destroys large swathes of land. In these processes, trees and shrubs are both destroyed and the ground polluted to ruin any further growth.

It is ironic that the slight increase in CO<sub>2</sub> after 1990 (from an all-time low) added over 20% of green areas to the earth – more trees. However, to protect the Earth from climate catastrophe, Green policies are destroying trees everywhere. This is the insanity of global leadership.

## 5G

5G refers to fifth generation telecommunications.

All radio broadcasting carries medical risks. This has been known for over 100 years since birds died in large numbers at the base of radio or radar transmitters. It has long been proved that mobile 'phones cause cancer; especially gliomas (brain cancer). It has also been proved in court that radio transmission antennae towers cause cancer to local residents. The problems associated with EMF<sup>121</sup> radiation have been understood since the early 1930s. This does not just cause ill-health of a variety of types (or even death) but also damages genes that pass down the generations. The fascination of cell-phones with young people is going to affect reproduction for decades and birth rates have been dropping for years.

Non-ionising radiation is always dangerous and increasing generations of broadband telecommunication systems only increase the risks. Thus 3G was worse than 2G; 4G was worse than 3G. However, 5G is exponentially worse than 4G, probably thousands of times more hazardous, due to its frequency range.

During lockdowns 5G towers were erected all over the country with no public discussion, no parliamentary debate and no health risk assessment. This is not just appalling incompetence and malfeasance, it is psychopathic behaviour on the part of leaders. These antennae contain super-capacitors of a military grade. At low output power they will cause medical damage: nausea, nosebleeds, insomnia, migraines, headaches, respiratory failure, suppression of the immune system, nerve damage, death to vegetation and cancer. However, at high-level output (increased wattage) they can kill remotely. Yes, they are that

<sup>121</sup> Electro-Magnetic Frequency.

dangerous. There are some areas (e.g. in north Shoreham by Sea) you can find four or even five 5G antennas in close proximity. These will cause massive medical harms to the local residents a few metres away.

It has been proved<sup>122</sup> and even accepted by the (US) NIH that the immediate symptoms of 5G radiation are similar to those of Covid-19. In line with the Elite's plan for global depopulation in the next two years, there will be a mass death event when the 5G telecommunication networks are fully switched on (booster stations in lampposts and antennae are still being erected) which will be blamed on Covid.

## Earthquakes

There will be famines, pestilences, and earthquakes in various places. Matt 24:7

There will be great earthquakes in various places. Lk 21:11

- A 5.1 earthquake hit near Oklahoma City on 2 February followed by two smaller ones.
- Hawaii has been rocked by hundreds of earthquakes. There were more than 220 earthquakes in just one 24-hour period at the end of January 2024.
- On 9 February a 5.7 magnitude earthquake struck south of Hawaii near Oahu.<sup>123</sup>
- An hour after the Oahu quake another hit near Malibu, California.
- In mid-February 2024 California and Nevada experienced 945 earthquakes over seven days. On 12 February there were 13 significant earthquakes in 25 minutes.<sup>124</sup>

It is true that earthquakes have existed forever and it is difficult to firmly establish that there are more than historically usual. However, recent examples appear to show something unusual in earthquake occurrences. 945 over seven days in two US states appears to be irregular.

## A summary regarding climate alarmism

See my many papers for a full explanation of this nonsense.

Climate alarmism is a lie – pure and simple; there is no climate catastrophe on the cards. The whole thing was fabricated by the Rockefellers in 1956 in order to establish control over the planet's resources, make trillions of dollars and gain control over gullible people. I will simply list some points showing the truth.

- CO<sub>2</sub> is a miracle molecule. It is vital to life and the planet needs far more. It makes plants grow, which then produce food and oxygen.
- In the historic past the planet was far warmer than today, such as the Medieval Warm Period or the Roman Warm Period when grapes were grown in York. These warm

<sup>123</sup> Mail Online, 9 February 2024.

<sup>124</sup> Natural News, 15 February 2024.

periods were times of prosperity not doom. Prof. Mann's 'hockey-stick' graph is a lie; his emphatic rise follows the 'little ice-age' which ended around 1805.

- In the geological past times were much warmer than today. We are in an unusually cold period. Ice at the poles indicates the remnants of an ice age.
- In the geological past CO<sub>2</sub> was at much higher levels than today. Now the level is 420 ppm, a slight increase about 300 ppm in recent decades. CO<sub>2</sub> levels at 150 ppm would kill the plants on Earth and destroy mankind. In the period of the dinosaurs the level was as high as 4000-7000 ppm. The increased CO<sub>2</sub> resulted in gigantic growth of plants and increased oxygen levels. Safety levels of CO<sub>2</sub> are set at 5,000 ppm in CO<sub>2</sub> alarms and in nuclear submarines at 8,000 ppm. There is no danger of exposure to CO<sub>2</sub>.
- High levels of CO<sub>2</sub> result in prosperity of life; low levels lead to severe problems and death.
- Net-Zero CO<sub>2</sub> emissions as a target for society is stupid. Humans breathe out CO<sub>2</sub> all the time. There can never be absolute zero.
- Science has proved that CO<sub>2</sub> atmospheric levels does not significantly warm the planet. It stabilises in the atmosphere.
- In the past, rises in CO<sub>2</sub> followed warming periods; it did not cause them. This is proved by ice and soil core samples.
- There is no significant rise in global temperatures today. Met office claims are false based upon false data from weather stations situated near heat sources, such as glasshouses, urban heat sinks, and airport runways. The claim of 40 degrees C last year was based on an event that lasted one minute at Coningsby airport next to Typhoon fighter jets taking off using after-burners.
- All the scare stories about environmental disaster are false. Polar bears are thriving, not facing extinction. The Great Barrier Reef is thriving. Ice is increasing at the poles. The Maldives did not sink underwater as the UN claimed it would by 2000; in fact its population is increasing. There are fewer wildfires than 100 years ago. Deaths from extreme weather events are lower than the historic average. Etc. etc.

The global warming scare stories (or even global boiling according to stupid politicians) are to drive the Net-Zero agenda at a cost of trillions which will create poverty and strife among the poorer classes but raise wealth for the rich. But its main purpose is to develop control systems over society to subjugate the people and steal natural resources.

## Warning

The cabal has determined to increase the use of geo-engineering and today governments are quite open about their use of such things as Solar Radiation Management (dimming the sun via chemtrails). In the case of the UK government's strategies this means that coastlines are subjected to constant rain and cloudy skies, which make people miserable and stops people charging up their immune system.

But the chief problem is going to be the effects of 5G, especially when the whole network is fully operational. In areas where it is currently working people are already suffering severe health problems. Some people have had to move house or transfer to a different school. The effects of EMF radiation are going to be massive. Millions of people are going to be harmed in multiple ways. The already degraded NHS system will not cope with a sudden influx of radiation damaged people on top of the turbo-cancer crisis, myocarditis crisis, blood clots and other vaccine damages.

## Economic crises

He causes all, both small and great, rich and poor, free and slave, to receive a mark<sup>125</sup> on their right hand or on their foreheads, and that no one may buy or sell except one who has the mark or the name of the beast, or the number of his name. Rev 13:16-17

### CBDCs

The Bank of England is promising to start the introduction of CBDCs this year. The usual excuses of security and simplicity were used to support this but the real purpose is to monitor personal purchases and finances and suspend them when deemed necessary. The WEF also pushed for inter-operability of centralised currency to ensure global success.<sup>126</sup>

This is already happening in China. Indeed, if you Jaywalk, CCTV facial recognition cameras will report you and your CBDC account is automatically depleted of the amount of the fine. You can cross the road wrongly and by the time you get home you have been fined.

In China social dissent is also punished by the suspension of your ability to purchase anything, including food. So CBDCs are a means of punishing dissent automatically. In cases considered severe by the state, banking facilities are terminated. Half a million British people have already had their banking services terminated for political reasons but at least this involved warnings and opportunity to change banks. With CBDCs de-banking can be automatic and immediate.

CBDCs will thus be used with social credit systems to punish dissenters who do not comply with government social policies.

In addition, CBDCs allow the banks to constantly monitor all your financial purchases and financial status. This data is worth a lot of money. At the moment data gathering is a fast growing industry and data is the new gold. Much of a person's data is already captured, such as by the NHS, which is then sold to data corporations for processing and use. Cash purchases was one of the last remaining islands of freedom in a data-driven society. CBDCs change that.

CBDC doesn't solve any actual problems, other than enabling central bankers to monitor all transactions.

Neel Kashkari, President of the Federal Reserve Bank of Minneapolis.

### The war on cash

This is being pursued relentlessly by the establishment. It began in the Covid rubbish whereby paper money was deemed to be a means of transmitting a virus (it was proved that Covid was transmitted by aerosols not surfaces [fomites]). Card transactions were only accepted in most shops. This continued afterwards.

---

<sup>125</sup> The mark is not a chip or a brand. It is the mind and soul given over to follow Satan through the beastly system.

<sup>126</sup> Reclaim, 7 February 2024.

Banks also started to put pressure on savers wanting to withdraw large amounts of cash. They were subjected to an investigation at the counter where the clerk would try to dissuade them. The banks started closing local branches; thousands of bank branches have now disappeared to make cash withdrawals more difficult. In rural areas where banks have already gone, Post Offices were shut down to increase the difficulty of getting cash.

More and more businesses have started to refuse cash.

- Councils erected car-parking machines that only run on broadband or card facilities.
- Asda is terminating cash transactions in 50% of its stores.
- The EU has cancelled cash payments over 10,000 euros.

The war on cash is an attack on personal freedom. When you pay by cash there is no record of your purchase or your identity. This reversed by CBDCs.

## **The crashing of the car industry**

We know that the Elite cabal are at war with cars and human mobility, that much is obvious. But the mandate to get rid of petrol / diesel vehicles and buy electric ones was always a strange goal.

One of the problems was that there was never going to be enough raw materials to make the batteries if everyone was to use an EV. In particular, cobalt and lithium are difficult to mine and supplies are limited (to say nothing of child slave labour and environmental damage). Another problem was that the power grid could never cope if everyone had to charge an electric car at the end of the day. Furthermore, millions (not hundreds) of charging stations would have to be built. Yet more stupidity – EVs create more harmful emissions than petrol cars.<sup>127</sup> These problems are significant even if every other factor in the story was perfect.

But the other factors are far from perfect. I have explained this many times and won't go over them here, except to say that no one wants a car that is likely to explode and burn your house down and insurance companies are ceasing to insure them. Furthermore the toxic gas cloud that develops when an EV car has exploded will kill everyone in the environment. The toxic gas cloud is as dangerous as the fires. Experts have stated that the explosion, even of an E-cycle, is equivalent to six hand-grenades. You can find videos of explosions on-line.

Drivers have now woken up to the many pitfalls surrounding EVs and they are getting rid of them fast. No one is buying new EVs and car manufacturers have huge fields full of EVs that they cannot sell. This represents billions of dollars lying waste. Some car firms are even facing bankruptcy for following government policy under threat of fines. Ford, GM, Volkswagen and Toyota have stated that they are cutting back on EVs; complete cessation is round the corner because their business model cannot sustain such losses.

---

<sup>127</sup> The Daily Sceptic, Will Jones, 'Electric cars release more toxic emissions than petrol cars, study finds', 5 March 2024.

Now the Elite knew this all the time but still forced car manufacturers to concentrate on EV production. Why? It seems that it was to crash the car industry.<sup>128</sup>

### **De-industrialisation**

It has long been clear that the Elite want to de-industrialise the West. Out of the ruins of a post-industrial society they seek to build a new world order. Yes, they are that mad.

Throughout history there have been few social / economic systems. In past millennia we chiefly saw societies based upon slavery or serfdom. Feudal systems proliferated until the last few hundred years. Slavery or serfs were required because production requires labour. Humans must work to build the products required or produce food. This left little time for anything else, except in periods of great surpluses (usually warm periods) where excess food was produced enabling wealth, trade and ability to build vanity projects.

The industrial revolution changed all that. Suddenly power was achievable by steam engines, then petrol engines, gas and electricity. Since such machines work incessantly (with some maintenance) people were freed up to have spare time and money. Within 150 years of 1800, working class people had things their ancestors never dreamed of: they owned houses, owned cars, went on foreign holidays, had a wide range of food to eat, owned household appliances to do their work for them, received an education, and so on.

In short, the industrial revolution engendered freedom and mobility for people. The capitalist system (flawed as it is) took 95% of the world's population out of misery and starvation.

Now the global Elite are Marxists and are determined to eradicate capitalism. They also seek totalitarian collectivism that crushes the population into submission. The freedoms of the industrial revolution must be cancelled so that the people are subjected into a neo-feudalism.

The means of doing this are the supposed gains of the digital revolution, the fourth industrial revolution, whereby people are replaced by technocracy. The technocrat's dream is a world run by robots, AI, algorithms, digital nano-bots and technology. Yuval Harari (WEF) has openly stated that robots and AI developments mean that people are no longer necessary.

In the industrial revolution machines multiplied human efficiency but people were still necessary. Car manufacturers may have used robotics but many people were still employed. With the new generation of robots and AI this is no longer the case. Only a very few people are required. Elon Musk reckons that robots and AI will take over most human functions within 20 years.

So the Elite cabal can crash industrial societies and replace them with technocratic systems – meaning that people become superfluous. Thus depopulation will not damage productivity. People will only be necessary to do work that robots cannot do, such as clean a sewer or rig an electricity grid.

## Summary

In the light of this the crashing of the car industry makes eminent sense. It achieves the double object of: 1) de-industrialisation of this industry, 2) terminating the mobility of people.

The mandate for EVs was possibly a ploy to crash the car industry.

## Global economic collapse

I have been warning about this inevitability for years but now the Elite cannot stem the bleeding for much longer. The Western banking system is built on mountains of debt in a giant Ponzi scheme, which can no longer be ignored. America is in so much debt (\$31+ trillion) that it can never be repaid; a default is also inevitable. In due course the nation could not pay the interest with taxation.

In the past, economic crises have ended as a result of a war, such as WWII that killed off the continuing effects of the Great Depression. It was not Roosevelt's New Deal, it was war. Even so, GDP did not return to its previous high until the mid-1950s.

The world is also seeing a switch of economic influence from the West to the East. The ever-increasing BRICS nations are now becoming dominant and the dollar is being replaced as the default currency for energy trade.

Despite government denials for months, economists and even the Financial Times, declared that Britain and America were in a genuine technical recession being two quarters in consecutive contraction of GDP (America denies this based upon changing the definition of the word). This now confirms what I have been saying since last year.<sup>129</sup> However, eminent economists are saying that we are already in a depression.<sup>130</sup> That is, GDP has significantly fallen and is not returning to its previous levels. Jim Rickards believes that this crisis will last 35 years.

The dollar's days are numbered as the world's default currency and many central banks will fail just as many independent banks have recently collapsed, including dozens in America. The Aozora Bank of Japan saw shares fall to their lowest ever level and warned of a year of net loss of 28 billion Yen. This was due to its exposure to US office loans. Many banks are essentially bankrupt already.

The Deutsche Bank is more in debt than the GDP of Germany. Jamie Dimon claimed that debt could destroy the US economy. Deutsche Pfandbriefbank (PBB) is bracing itself for the worst decline in commercial property values in 15 Years and is at risk from bad debts.<sup>131</sup>

Janet Yellen admits that there is a major risk for banks as commercial real estate crisis unfolds.<sup>132</sup>

<sup>132</sup> YouTube,

Warnings have been issued about an impending supply shortage of oil adding that the world energy market is out of balance.<sup>133</sup>

The US commercial ship industry has collapsed.<sup>134</sup> In 2023 China had 1,749 large ocean-going commercial vessels under construction; America had five.

Economic journals published in February 2024 showed that companies all over the world were making huge redundancies of employees, many ditching over 30% of staff. This even included asset firms like BlackRock and CitiGroup. The suggested cause is the take up of AI coupled with recession.

I do not need to expand on this as most people are fully aware of the situation.

What this means is more likelihood of a world war. It is not only geo-politics driving conflict but the necessity of a major war to clear the broken economic system. A new system will rise from the ashes when the war is over.

## **Warning**

Do not own an EV or E-cycle under any circumstances. Ensure that you keep away from such if they are charging somewhere near your journeys (e.g. a car park or petrol station).

Try to use cash as much as possible to hinder the deployment of CBDCs.

Do not trust banks. Diversify your assets. Invest in gold and silver. Pay off your mortgage if possible.

Prepare for a global economic crash. It will be far worse than that of 2008. Store what you need to survive, as I have explained before.

The coming economic crisis is inevitable and we cannot prevent it. Exactly how bad this gets is anyone's guess. The people behind BlackRock and Vanguard are planning how to manipulate this crisis and use it to bring in a new order of things. War may well be a part of this process.

## Medical crises

I will send the sword, the famine, and the pestilence among them. Jer 24:10

There will be famines, pestilences, and earthquakes in various places. Matt 24:7

### Disease X

The WHO and others are pushing the fear of a proposed new disease that will cause a major pandemic 20 times worse than Covid called 'Disease X'. This is largely in order to scare nations into accepting the appalling WHO Pandemic Treaty.

Pandemics were planned by the Elite as a means to enforce global control over populations. Fear of a plague means that people can be easily pushed into accepting martial law, lockdowns, facemask mandates, social distancing, vaccine ID mandates and mandatory drugs. With social compliance created through fear, powers can gain complete Socialistic control over a whole nation effortlessly.

#### **Can a viral or respiratory pandemic ever occur?**

Many scientists think not, such as Dr Mike Yeadon.

The natural course of a so-called viral epidemic, especially a respiratory epidemic, resembles an asymmetrical bell curve. A sharp rise in infections followed by a slow reduction until the disease becomes endemic in society and is tolerated with few deaths. This is because the virus needs to develop to be less lethal over time or it would kill off its host population and thus die. By mutating into weaker strains it survives (cf. so-called Omicron version of Covid). Thus a pandemic, where a virus continued to create fatalities and not grow weaker, would not survive.

Thus the idea of a viral pandemic is flawed. This is not to say that there could not be a bacterial plague.

#### *Spanish Flu*

The Spanish Flu was not a pandemic. It was not Spanish and it was not flu. The epidemic began through a new bacterial meningitis vaccine created by the Rockefellers. The original infections were in the army in America where it was tested; these infected people were then sent into the trenches of WW1 in Europe. The vaccine was then rolled out in the populations of Europe in a depopulation plan similar to the Covid hoax. Where people in rural areas refused the vaccine the disease hardly existed. Where there was a high take up of the vaccine in urban areas there were many deaths; however, individuals did not pass it on from one person to another. Scientific tests proved this lack of human transmission. Poor living, nutrition and sanitation standards in the trenches and in industrial urban areas contributed to sickness and death.

### Scientific manipulation

This is a huge subject that we can only touch upon here.

One of the objectives in the Russian attack on Ukraine was to obliterate, with incendiary bombs, a number of chemical and biological weapons research laboratories that were operated by US officials. Even Victoria Nuland agreed that these existed, but stated they were for good intent. The US military outsourced its bioweapon programme to avoid lawsuits because it is illegal in the US. Escapes from these labs led to outbreaks of certain new diseases, such as from genetically modified mosquitoes that are plaguing local countries for the first time.

Bill Gates planned to use GM mosquitoes to vaccinate people in America. GM insects have already been released in other countries with bad results, e.g. in Georgia. Released GM mosquitoes have caused surges of disease, such as Dengue Fever.<sup>135</sup>

One insidious plan is to create genetically modified parasites, using CRISPR gene editing technology, is to create super soldiers. The aim is to create a defence against biological weapons. This was announced and funded by DARPA in 2021.<sup>136</sup>

The effects of genetically altering insects, worms, parasites and other animals is not known. Nobody can possibly guess what will happen years down the line. This is insane. This is a medical catastrophe waiting to happen.

## Sudden death

People are dropping dead all over the world. Hundreds of healthy, athletic sportsmen have dropped dead on the field in the middle of games. People have collapsed and died while presenting on air on live TV; ironically, some of these were vaccine activists. Children and young people have died of heart attacks in unprecedented numbers; a cohort not susceptible to this disease. Huge numbers are acquiring myocarditis after the shots.<sup>137</sup>

The UK is currently experiencing a 22% rise in excess deaths among 1-14-year olds.<sup>138</sup> This is shocking and unprecedented. These people should not be dying of heart attacks.

There is also a significant rise in sickness and disability.<sup>139</sup>

Embalmers and funeral directors are finding huge, long, white fibrous clots in the arteries of corpses. These are unlike any former clots and fill the blood vessel and appear rubbery like calamari. These never seen before clots began to appear after the vaccine rollout. Funeral directors like John O’Looney have reported the findings to coroners and state bodies – no one is interested in investigating the cause. Most are too scared to dissent from the government narrative.

The establishment pretends that it doesn’t know the cause of this but multiple studies and statistical analyses are now proving that what we all knew, the cause is the Covid vaccines.

<sup>139</sup> ONS, Census 2021, Sickness absence in the UK labour market: 2022.

As time goes on it is becoming more and more provable that this is true. This trend did not start until the vaccine rollout. In fact there were no significant excess deaths in 2020 during Covid.<sup>140</sup> High excess deaths began with the vaccine rollout and continue.

A study has found that excess deaths since 2022 are primarily in the vaccinated, based on official data.<sup>141</sup> A pathologist has reported that there is a 52% increase in cancer risk for ages 15-59 in those who were vaccinated.<sup>142</sup> Cambridge University scientists stated that 25% of vaccinated people now have VAIDS.<sup>143</sup>

There is no doubt that mass deaths and injuries stem from the vaccines. The only question is whether this is deliberate or accidental. I have long averred that it is a genocide, but more doctors and scientists are coming to this conclusion.

There is no other interpretation in my mind that this is deliberate murder, deliberate killing. The entire gene-based (mRNA) vaccine agenda is a deliberate poisoning and killing.

Dr Michael Palmer (Doctors For Covid Ethics). USA Watchdog, 28 October 2023.

Dr Mike Yeadon, a former Pfizer VP, at first could not believe that the vaccines were meant to cause harm. After a great deal of research, he is now crusading, with a global voice, that the vaccines are a bioweapon to deliberately bring about genocide.

Dr Sherri Tenpenny has identified 40 mechanisms of harm in the vaccines, such as the mechanism that leads to cancer or myocarditis.<sup>144</sup> Yes, that is 40 different mechanisms to damage the body fatally over time (myocarditis, for example, will take five years to kill, but it may be much sooner).<sup>145</sup> This proves beyond any doubt that the vaccines are a bioweapon intended to depopulate the Earth. They kill by stealth over time.

Dr Brian Ardis has brought to attention many evils in the Covid and vaccine crisis including:

- The harms caused by Remdesivir. This led to needless deaths in hospitals.
- The harms caused by giving morphine and Midazolam to care home patients. This led to murder of elderly people, which was blamed on Covid. 45,000 people died in British care homes in the spring of 2020 in a few weeks due to the morphine / Midazolam murders.
- The presence of snake venom (cobras and Chinese Krait) in the vaccines.
- The benefits of nicotine to counter Covid (and many other maladies). Is this why there is massive state pressure to stop smoking and why tax hikes have made cigarettes so expensive?

---

<sup>140</sup> Institute of Actuaries (UK). The short spike in deaths in spring 2020 was entirely due to Midazolam and Morphine being given to elderly patients in care homes, which killed them.

He explains how snake venom enzymes (openly admitted in vaccine patents and in scientific papers) damage the body in various ways.<sup>146</sup> These are also present in various virus vaccines, such as Gardasil (HPV vaccine) or flu shots.

Iris Figueroa collated vaccine ingredients into a list and contacted US poison control.<sup>147</sup> They confirmed that individually these items were poisonous and administering them to a person would constitute a crime. The list includes: Formaldehyde (oncogenic), Betapropiolactone (oncogenic), aluminium hydroxide / phosphate / salts (neurotoxin), mercury (Thimerosal - neurotoxin), Polysorbate 80 / 20 (takes ingredients through the blood – brain barrier; oncogenic), Glutaraldehyde (toxic), Foetal bovine serum (cow foetus cells), human diploid fibroblast cells (aborted foetus cells, foreign DNA), African Green Monkey kidney cells (carries SV-40 cancer cells), acetone (organ damage), E.Coli (pathogen), pig DNA, and many more.

There is no doubt whatsoever that the Covid vaccines (and many others) are designed to harm and kill people, often by cancer but also several other mechanisms. The global Covid vaccine scam is a bioweapon intended to depopulate the Earth. Its purpose was to kill people slowly over time (such as by degenerating the immune system so that it cannot fight off cancer).

Months ago I wrote that 20 million people had died from the Covid vaccines. This was based upon calculations founded on government statistics<sup>148</sup> and logical extensions supported by scientific papers. Since then numerous others have come to similar conclusions. Steve Kirsch has affirmed that 17 million have died. Another paper states that Britain alone suffered one million deaths.<sup>149</sup> Data now shows that one million vaccinated British people died in 23 months (less than 61,000 unvaccinated in the same period). Dr James Thorp has claimed that 585 million people were killed or injured by the Covid vaccines.<sup>150</sup> There are over 3000 papers associating death and injuries from Covid vaccines.

Andrew Bridgen MP (Leicester) has relentlessly tried to get the House of Commons to openly debate this critical issue, to no avail. He has, however, managed to get a short private debate in a closed chamber.<sup>151</sup> He continues to try to expose this scandal with growing support. Dissenting medics have written open letters to the government calling for a proper investigation and a halt to the Covid vaccine boosters.<sup>152</sup>

In order to try to hide the excess deaths the ONS recently changed how these were calculated and arbitrarily vaporised them. Various commentators have analysed this and exposed the scam.<sup>153</sup> Seven UK MPs then requested comprehensive data transparency from the ONS.

One has to wonder why a wave of unprecedented sudden deaths, especially amongst young people, is not leading any establishment body to worry that something is wrong. Far more people have died in the vaccine period than in the Covid period. The Covid period caused worldwide panic and unprecedented government interventions for nothing.<sup>154</sup> The vaccine period has resulted in silence in the face of a major crisis.

## The Cancer crisis

I have explained many times how the Covid vaccines cause cancer development through a variety of ways: immune system suppression, graphene oxide, spike protein production and so on. The level of cancer cases is spiralling out of control. One cancer specialist called this a 'time bomb'.<sup>155</sup> There is a huge increase in new cancers, especially in people below 50-years old. The American Cancer Society warned that there has been a new surge of cancers in the US in the last year of over 2 million with many occurring in younger patients.<sup>156</sup>

There are numerous reports in the literature of cancers arising within days of the vaccines being administered.<sup>157</sup>

The WHO has averred that worldwide cancer rates are expected to nearly double by 2050.<sup>158</sup> The American Cancer Society also reported that cancer rates are breaking new records, soon to exceed 2 million (5,500 diagnoses a day). In 2024 the projected figure is over 611,000 deaths from cancer in the US, more than 1,600 per day.

## The WHO pandemic treaty

Many have written or commented on this so I do not need to analyse it too deeply. Suffice to say that this is a power grab by the WHO (a part of the UN). It is nothing but an attack on the national sovereignty of nations. It seeks to impose certain global measures (lockdowns, facemasks, social distancing, vaccines, vaccine mandates, vaccine IDs etc.) to combat a future pandemic. It alone claims to be able to identify a pandemic and be authoritative to declare the need for measures to combat one.

This is despite the WHO being utterly incompetent in the last so-called pandemic. It made mistake after mistake. Why should anyone trust them?

Furthermore, the WHO has proved to be corrupt. Its leader is medically unqualified and was a former terrorist. It is heavily financed by globalists like vaccine entrepreneur Bill Gates and other industries that profit from pandemics.

The treaty also normalises bioweapon development and vaccine experiments, incentivising the sharing of gain-of-function data. This is building a bioweapon police state. In this scenario, the source of lab-leaks would be impossible to identify.<sup>159</sup>

The WHO is merely a medical front for the Elite cabal agenda being worked out through the Rockefeller-controlled United Nations.

## **Famine of medications**

Certain medications are already becoming difficult to source in Britain and the US. Even hospitals are running out of supplies.

One in five Americans have been impacted by drug shortages a report has warned. This is being caused by manufacturing problems, supply chain issues, and natural disasters. Conditions affected so far include cancer treatment, diabetes 2, and epilepsy.

## **Vaccines via the air**

In the Covid crisis certain countries like Spain, America and Australia released Covid vaccine drugs from the air in chemtrails. Now Australia has approved the licence application from PaxVax allowing them to release a GMO vaccine consisting of live bacteria into Queensland via chemtrails.<sup>160</sup>

## **Warning**

The attack on human health is relentless and will increase in 2024. This will drive the depopulation agenda, the main strategy of the Elite.

## Religious crises

Beware of men, for they will deliver you up to councils and scourge you in their synagogues. You will be brought before governors and kings for My sake, as a testimony to them and to the Gentiles. Matt 10:17-18

They will deliver you up to tribulation and kill you, and you will be hated by all nations for My name's sake. Matt 24:9

Watch out for yourselves, for they will deliver you up to councils, and you will be beaten in the synagogues. You will be brought before rulers and kings for My sake, for a testimony to them. Mk 13:9

You will be betrayed even by parents and brothers, relatives and friends; and they will put *some* of you to death. And you will be hated by all for My name's sake. Lk 21:16-17

They will also persecute you. Jn 15:20

They will put you out of the synagogues; yes, the time is coming that whoever kills you will think that he offers God service. Jn 16:2

There will be a rise in the persecution of Christians and growing support for Satanism and immorality as society completes its reversal.

Currently, Christianity is the most persecuted religion in the world. A single Muslim can be assassinated (as in New Zealand) and it becomes world news. However, hundreds of Christians can be murdered every week in central Africa and no one is interested. More than 340 million Christians (one in eight) face high levels of persecution and discrimination because of their faith according to the 2021 World Watch List.<sup>161</sup> 90% of the deaths were in Africa. The list for 2024 shows 365 million Christians are suffering severe persecution.<sup>162</sup> According to the BBC persecution of Christians is at 'near genocide levels'.<sup>163</sup> 80% of persecuted religious believers are Christian.<sup>164</sup>

## Growing persecution of UK Christians

### Attacks on preaching the Gospel

Multiple street preachers in Britain have been arrested for hate crimes or disturbing the peace just for preaching Gospel truths. The list is long; it includes: Oluwole Ilesanmi (London), Michael Overd (Bristol), John Dunn (Swindon), Ryan Schiavo (Orpington), John Sherwood (London) etc.

### Attacks on praying

A woman in Ireland was arrested for praying silently in a no-prayer zone around an abortion clinic.

Nurse Caroline Petrie was suspended for offering to pray for a patient.<sup>166</sup>

### **Attacks on displaying or quoting Bible verses**

A British café owner was arrested for hate crime for displaying Bible verses on a screen in his café.

A new Canadian law (Bloc Quebecois Bill C-367) under proposal will enable Christians to be jailed for quoting the Bible.<sup>167</sup>

### **Attacks on Christian education**

Church-run schools in Assam, India, have been told to remove all faith-related symbols and images of Jesus.<sup>168</sup>

### **Hate crimes**

The On-line Safety Act will enable non-Christians to prosecute believers, that comment on Biblical subjects or who quote Biblical passages on-line, to claim that they are offended or hurt by this and thus prosecute the authors. This can result in several years in prison.

### **Attacks on singing**

A woman, named Harmonie London, was arrested for singing ‘church songs’ outside a church. When the female special police officer was denounced, the Metropolitan Police Commissioner, Mark Rowley, defended her actions.<sup>169</sup>

### **Attacks on conversion**

A foster mother was struck off because one of her charges is conversion from Islam to Christianity.<sup>170</sup>

### **Attacks on private religious belief**

A theology professor in Derbyshire, Dr Aaron Edwards, was fired from Cliff College Methodist Bible University for sharing religious beliefs about marriage on social media.<sup>171</sup>

### **Attacks on Evangelicalism**

For many years the EU has formally designated Evangelical churches as cults. In America some sheriff authorities have been trained to see Evangelicals as far right potential terrorists. British police have been trained to designate Evangelical Christians as perpetrators of hate crimes.

### **Attacks on Christian demonstration of piety**

### **Attacks on the Christian foundations of Britain**

MPs and judges have openly stated that Britain is no longer a Christian country.

## **Growing persecution worldwide**

This is just a small sample of facts.

- The Indian Hindu nationalist government has fostered attacks and harassment of Christians and Muslims. Foreign funding of Christian-run hospitals, schools and church organisations has been blocked.
- Christians in India are being attacked under anti-conversion laws.<sup>174</sup>
- In China Christian symbols have been replaced with pictures of President Xi Jinping and national flags.
- In Kaduna, Nigeria, villagers received one-sixth of food rations allocated to Muslim families.
- Christians are being killed regularly in Nigeria; thousands are already dead. A new report stated that 8,000 Christians were slaughtered by Islamic militants in 2023 with many atrocities. There had been 150,000 deaths since 2009.<sup>175</sup>
- After the illegal Iraq War, the persecution of Christians that followed has resulted in Christianity becoming almost extinct in Iraq.
- '*Christianity is at risk of disappearing ... in the [Middle East] region.*'<sup>176</sup>

The types of persecution being experienced includes: bombing of churches, bombing of hundreds of Christians (e.g. in Sri Lanka), outlawing of Christian meetings (even in private homes), denial of burial rites, murder, violent attacks, rape, torture, kidnapping as sex slaves, forced conversion, crucifixion, burning alive, etc. Lower-level persecution includes: banishment, refusal of employment, denial of citizenship rights, denial of access to health care, forced indoctrination courses, state inspection of church meetings, closing churches, banning Bibles, and so on.

## **The rise of Satanism**

### **Global religion**

The cabal plan to introduce a new global religion based upon Satanism. It has been working on bringing religions together for decades, such as through the ecumenical movement. This is part of the new worldwide government where there is a global taxation system, a global currency, a global government, and a global religion.

In 1994, in a World Goodwill Newsletter, the UN reported the creation of a UN interfaith organisation called the Temple of Understanding, seeking to make the UN a spiritual body.

In 1995 the United Religious Organisation was founded under the UN's auspices. It stressed the unification of all religions.

UN pioneer Richard Muller, '*father of modern education*', wrote in the foreword to his World Core Curriculum, '*The underlying philosophy upon which the Robert Muller School is based will be found in the teachings set forth in the books of Alice A Bailey.*' Bailey was a head of the Theosophical Society and forerunner of New Ageism, which sought to synthesise religions with Satanism. Bailey linked New Ageism to the UN: '*the effects of the UN in the formulation of a world plan can be seen in the planning and preparation of the New Age. From the very start of this unfoldment, three occult factors have governed the development of these plans.*'

We must move as quickly as possible to a one-world government, one-world religion, under a one-world leader.

Robert Muller (United Nations), author of the World Core Educational Curriculum.

No one will enter the New World Order unless he or she will make a pledge to worship Lucifer.

David Spangler, Director of Planetary Initiative, United Nations.

To achieve world government it is necessary to remove from the minds of men their individualism, loyalty to family tradition, national patriotism and religious dogmas.

Brock Chisolm, former Director of the WHO, Christian World Report, March 1991.

### Current rise of Satanism

- The British Navy allows Satanist sailors to conduct satanic rituals on board navy ships.
- In America a man named Michael Cassidy was arrested and charged with a 'hate crime' for knocking the head off Satanic statue that was on display in a government building in the Iowa capital.<sup>177</sup>
- Satanists from the Satanic Temple have lobbied in Iowa for permission to allow them to target children in schools.<sup>178</sup>
- The Satanic Temple is preparing to enter Florida schools under a new state law about volunteer chaplains.<sup>179</sup>
- The Channel Island of Jersey has statues of Satan as the horned god in parks.
- A Democrat senator promoted Satanism in the Arizona state capital, Phoenix.<sup>180</sup>
- Paganism is the fastest growing religion in Britain.
- The Vatican contains multiple cases of satanic images. One room where the pope is enthroned has a huge ceiling in the shape of a serpent above the pope's head.
- The Theosophical publishing firm, that has connections to many Elite figures, is called 'The Lucis Trust' but it was originally called 'the Lucifer Trust'.
- The 2021 UK census data shows that there has been a rapid rise of Satanism. There was a 167% increase between 2011 and 2021. In 2021 15 babies were named 'Lucifer', a name which did not appear until 2016. The census also revealed a rise in animists and paganism.
- The centre of Devil worship in Britain is Bungay in Suffolk with Devon being second.

- There is a rise in sacrificed animals sprayed with a pentacle sigil being dumped on church grounds or even dead cats found hanging from flagpoles.
- Witchcraft shops are now common in many towns.
- Wicca (the modern Gardnerian<sup>181</sup> reformed version of witchcraft) is on the rise in Britain.
- Several villages have witchcraft museums (e.g. Bourton-on-the-water, the Cotswolds, or Boscastle, Cornwall).
- New churches of Satan are springing up; e.g. the Satanic Temple UK, the Church of Rational Satanism, Order of the Nine Angles etc.
- People on the fringes of the Environmental Movements are turning to Gaia worship (a type of pagan witchcraft based on the Mother Goddess of the Earth).
- People on the fringes of radical feminism have turned to witchcraft and especially Gaia worship.
- Many music concerts are including Satanic imagery and themes in large venue shows. This has been documented in many nations. Some are very obvious and lack subtlety. However, some are less obvious and mainstream. Boyzone band member and Christian Shane Lynch has accused Taylor Swift of embedding evil messages in her music and performing Satanic rituals in her concerts. He referred to hoods, masks, demonic rituals, pentagrams and fire ceremonies.<sup>182</sup> Swift was recently seen in a black basque with a swirling serpent design surrounding her body. Lynch previously criticised Beyonce and Sam Smith, whose occultic behaviour had been attacked by many commentators.

#### **Aside: objection to including various occult groups with Satanism**

Some occultists may object to me including witchcraft, Wicca, Gaia worship and by extension white magic, divination and spiritualism, with Satanism.

Firstly, I am not saying that all occultism is outright Devil-worship. Black magic would be linked with Devil worship but other forms of occultism would deny such. Practitioners of such things as Wicca may well believe that they are continuing historic nature worship and seek humanitarian good. I accept that this may be the practitioner's sincere position.

My contention is that all occultism is actually, at root, Satanic; in the same way that Socialism is, at root, Marxism.

#### *Theologically*

There is only the true God, the Creator of the universe, and Satan, the Devil, is the opposer of God in rebellion to the divine order. Everything in human life reduces down to this dichotomy.

Thus a religion is either good or evil, godly or Satanic. There are no nuances or shades of meaning. Black magic is open devil worship; white magic is submission to Satan under the deception that it is not. Both are based upon deception and selfishness – seeking to manipulate nature for one's chosen end. Seeking paranormal power to fulfil your desire (whether altruistic or evil) is rebellion against the law of God and a failure to submit to

<sup>181</sup> Wicca was manufactured by Gerald Gardner in the late 1940s based on a variety of sources including a local witch (Dorothy Clutterbuck), Freemasonry, Rosicrucianism and Malaysian Shamanism.

God's will. Witchcraft and divination are specifically condemned by God (Exod 22:18; Lev 20:27; Deut 18:10-12; 1 Sam 15:23; 2 Kg 21:6).

Therefore, all forms of occultism, and all aspects of human motivation to perform occult actions, are based upon following a Satanic agenda against God.

### *Historically*

All the forms of occultism (summarised under the heads of magic, spiritualism and divination) arose from the same root of Nimrod's idolatry against the true God. This idolatry established the basic pattern for a pantheon of pagan gods, such as the sun god (Nimrod deified) and the moon goddess (Nimrod's consort, Semiramis, deified). This fundamental pagan religion was centred in his empire based upon the Chaldean<sup>183</sup> cities of Babel (Babylon), Erech (Uruk), Accad (Akkad), and Calneh (the first post-deluvian empire).<sup>184</sup> This was further developed in the original Babylonian Empire and the Akkadian Empire.<sup>185</sup>

Over the centuries all forms of occultism arose from the essential pagan rites and principles based in Babylonia. Different developments added to this such as Hermetism coming from Egypt or fire worship developed by Zoroastrianism.

The purpose of Satan in all this was to cement and codify rebellion against God. All the forms of occultism are part of the same deception perpetrated by Satan to delude people into rebelling against God and enhance their own pride and selfishness.

### *Conclusion*

There is no mild, humanitarian, innocent form of occultism; it is all part of the same historic Satanic plan to promote deception and sin.

## **The growth of occultism in the evangelical church**

For many years I have been explaining how the church has been infiltrated by various movements that all intended to promote aspects of occultism under the guise of spiritual developments.

Most common was mysticism being widely pushed through claimed spiritual gifts that were stated to be supernatural and divine. In fact congregations were being gulled into passivity and suggestibility using repetitive chanting, droning loud music and authoritative demands from a trusted leader. This then led to expressions of physical phenomena, such

---

<sup>183</sup> Chaldea is the southern portion of Babylonia, Lower Mesopotamia, lying chiefly on the right bank of the Euphrates, but commonly used of the whole of the Mesopotamian plain. The Hebrew name is Kasdim, which is usually rendered 'Chaldeans' (Jer 50:10 51:24,35)

<sup>184</sup> Gen 10:8-12, 'Cush begot Nimrod; he began to be a mighty one on the earth. He was a mighty hunter before the LORD; therefore it is said, "Like Nimrod the mighty hunter before the LORD." And the beginning of his kingdom was Babel, Erech, Accad, and Calneh, in the land of Shinar [Southern Mesopotamia, Babylon] From that land he went to Assyria and built Nineveh, Rehoboth Ir, Calah, and Resen between Nineveh and Calah (that is the principal city).'

<sup>185</sup> The original ancient Middle Eastern empires were as follows: Nimrod's first empire, Phoenician civilisation (2500-64 BC), **Akkadian Empire** (2334-2154 BC), Neo-Sumerian Empire [3<sup>rd</sup> dynasty of Ur] (2112-2004 BC), **Babylonian Empire** (1792-626 BC), **Middle Kingdom of Egypt** (1550-1077 BC), Hittite Empire (1460-1180 BC), Elamite Empire (1210-1100 BC). For comparison, the Mayan civilisation lasted from 2000 BC to 1697 AD.

as falling backwards to the floor in a trance (being ‘slain in the Spirit’), variously claimed to impart healing, divine comfort, conversion or communion with the Spirit. In fact, it is simple occultism and shamanism common in many heathen religious activities and disciplines.

Occultism has impacted the church throughout history, usually through some rogue movement which became elevated for a time before collapsing to nothing (e.g. Montanism, the Cevenols, the New Light Prophets). At other times it was through a revival that descended into chaotic emotionalism and then demonic activity (e.g. the 1859 Irish Revival, the 1801 Cane Ridge revival).

The modern origins of a concerted stealth attack of occultism was in the mid-19<sup>th</sup> century, beginning with the syncretism of PP Quimby. He actively sought to combine Christianity with eastern pagan religious ideas, Mesmerism and outright occultism, claiming to activate healing techniques. Heretical nonsense was fundamental to these ideas, such as sickness and death do not exist; they are only mental aberrations to be overcome by positive thinking (claimed to be faith). His ideas led to numerous new religious groups such as: New Thought, Unity, Christian Science and Religious Science.

This atmosphere had an impact on the Holiness Movement in America and the Higher Life Movement in England. These, plus the Welsh Revival of 1904, influenced the development of Pentecostalism and its many rogue sub-movements – especially the outright occult Latter Rain aberrations of the late 1940s and the Healing Movement of the 1950s. The chief occult heretic in this period was William Branham whose teachings are truly off the wall and wicked. These then led to the Charismatic Movement after 1960 and the developments out of it.

The Charismatic Movement proved to be a Trojan Horse to bring into mainstream evangelicalism all sorts of occultism under new guises. These include: guided imagery, channelling, visualisation, necromancy, magic, spiritualism, divination, and so on. Aspects of pagan religions were also imported such as Kundalini yoga or Qigong. Aspects of occult sects (such as the Shakers) were brought in (e.g. marching round the room to drive away demons). These were pushed by sub-movements such as: the Signs and Wonders Movement, the New Apostolic Reformation, Word of Faith and so on. New doctrines were made up to substitute for occult practices, such as: Inner Healing, healing of the memories, the word of knowledge, or the New Dimension. Some practices became commonplace, such as speaking in tongues that were gibberish<sup>186</sup> – commonly found in witchcraft, mysticism, magic and eastern religions.

The level to which heretics sank (they cannot be true Christians) is seen in the practice of lying on the grave of a claimed healer (such as Kathryn Kuhlman) in order to be ‘anointed’ with the power of this person. This is called ‘grave-sucking’. In fact, this is necromancy. This is the height of stupidity and submission to Satanic deception.

The manipulation of deluded leaders being used by Satan is seen in the expression of claimed healers (usually in the Word of Faith movement) to make people fall over from a distance, by blowing or waving a hand. This evidences complete control and manipulation

---

<sup>186</sup> Biblical tongues that operated at the beginning of the early church to authenticate the Gospel were genuine languages spoken by someone untrained in that language. This testified to that language group.

of a deceived and passive audience. It is common in occult circles, Mesmerism and eastern religions. It is also observed in stage hypnotism.

This is just a simple summary of the situation. The attack of occultism on the church by Satanic means largely began in the 19<sup>th</sup> century, but it went up a gear after 1960 and into overdrive after the demonic Toronto Blessing in the mid-90s. It is now endemic. All true believers should run a mile from churches involved in this deception.

Satan has captured most of the evangelical churches.

## **Warning**

The Christian church is, generally, completely hijacked by Satanic deception. In many cases it is already Babylon – filled with idolatry, narcissism and blasphemy. Only a very few local churches have escaped this degradation.

This deceit will continue and worsen. The aim is to so compromise the churches that they can be assimilated into a new world religion that unifies all faiths by sophistry. Just as the ecumenical movement reduced unity to a shared experience of being baptised in the Spirit,<sup>187</sup> so other aspects of the faith will be re-defined to accommodate inclusion with heathen doctrines. For example reincarnation will be re-defined to be accepted as resurrection. The personality of God will be re-defined in order to be accepted by Pantheists, such as by giving nature a personality. Christ will be identified as Krishna or Buddha or Guru Nanak. The millions of Hindu gods will be explained as emanations of God. Islam already calls Christ the Word of God.

Satanism will increase in all avenues of society becoming more and more accepted. Satanism will gradually be openly accepted as a true religion comparable with Christianity. The growing numbers of pagans and Satanists in society will give Satanic temples authenticity.

The side effects of a growing Satanism will be ignored but will increase. Aspects of this will be paedophilia, sexual abuse of children and ritual murder of minors. The Elite will become more open about their Luciferianism and this will be explained away by false academic propositions.

More and more governments will pass laws to make evil good and good evil. Truth will be outlawed and lies will form the basis of society.

## Signs in the heavens

Immediately after the tribulation of those days the sun will be darkened, and the moon will not give its light; the stars will fall from heaven, and the powers of the heavens will be shaken.  
Then the sign of the Son of Man will appear in heaven, Matt 24:29-30

And there will be signs in the sun, in the moon, and in the stars; and on the earth distress of nations, with perplexity, the sea and the waves roaring; men's hearts failing them from fear and the expectation of those things which are coming on the earth, for the powers of heaven will be shaken. Lk 21:25-26

I will show wonders in heaven above and signs in the earth beneath: blood and fire and vapour of smoke. The sun shall be turned into darkness, and the moon into blood, before the coming of the great and awesome day of the LORD. Acts 2:19-20

The earth has gone through many cataclysms; these are recorded in soil and ice core samples, which give us a signal of geological history. Some are recorded in ancient history and legends. The Bible also tells us about astronomical changes such as the long day (Josh 10:13) or the sundial reversing (2 Kg 20:11; Isa 38:8).

Those in recorded memory are fearsome enough, such as the Krakatoa eruption of 1883. So much debris was forced into the atmosphere that there was no summer that year and famines ensued. However, the geological past saw much worse cataclysms, such as the reversing of the Earth's poles. Major events changed topography, such as the Arctic and Antarctic changing from once being verdant or the thrusting up of the Himalayas creating major mountain ranges. Marine strata and fossils have been found at high altitudes and at the North Pole.

These events happen in cycles and are usually the result of astronomical changes, chiefly affecting the sun or a comet. The indications are that we are approaching a major series of extraordinary events in the next ten years that threaten mankind. It is possible that entire countries will move their position on the earth. Remember that this has happened before; Greenland, now tundra, was once named for grasslands and trees.

We need to discuss this in more detail.

### Pole change in the sun: the solar maximum

The magnetic poles reverse in the sun over a cycle of eleven years. This causes various anomalies for a while, chiefly solar storms. These storms send masses of solar winds and debris to the Earth, initially noticeable by intense aurora borealis events. Sometimes the solar radiation is severe causing disruption and damage to telecommunication systems. It can also affect animal life and the health of humans.

The next reversal is this current year into 2025. Scientists are warning that it could be a severe event. The problem today is that everyone in the developed world is utterly dependent upon radio telecommunication systems for everything, even controlling their central heating. Nations rely upon radio connectivity for state governance, communication, defence, infrastructure and economic issues. If this is severely disrupted then it not only means inconvenience to domestic users but it will lead to massive economic repercussions

to nations when stock market systems crash. Almost everything in social life would be affected by a breakdown of on-line systems.

## **The Carrington Event**

In September 1859 there was a serious astronomical event, a geomagnetic storm, that many people considered indicated the end of the world. Bright red skies enabled people to read newspapers at midnight. Birds began the dawn chorus at 1am. People started to go to work hours before dawn thinking that it was daytime. Aurora Borealis events happened around the world. Other unusual lights appeared in the skies, such as bands of white light.

These events were caused by an unusual series of solar flares (a coronal mass ejection) over about one week, casting out radiation and energetic particles which overpowered the earth's magnetic field which usually stops these from getting through. [The weakened areas of the magnetosphere at the poles is what causes Aurora Borealis events.]

The flares caused severe disruption to telegraph systems. These began to work even when the battery was disconnected due to electrical surges in the atmosphere. Some telegraphers received electric shocks from Morse tappers. Other stations and cables caught fire.

The astronomer that recognised and observed the cause in the sun was studying and recording sunspot activity at Redhill. His name was Richard Carrington. As astronomers confirmed his diagnosis he was honoured by the phenomenon being named after him.

In 1859 the world had very little infrastructure based upon electricity and so the world was not significantly affected. However, today the world is dominated by electrical and radio systems and so a Carrington Event would have catastrophic consequences. It is affirmed that such events occur every 150 years, meaning we are overdue one now (some sources say 500 years). Less intense events happen every 50 years. Signatures in tree rings and core samples show that bigger events have occurred in human history, such as in 775 and 993.

Today a Carrington Event could set Earth's civilisations back centuries. Credit cards wouldn't work. Mobile phones would stop. All computer systems would break down; no on-line systems would work. Unless everything was shutdown prior to the event (there would be a maximum warning of 24 hours) much infrastructure would be destroyed. Aircraft could not fly. Navigation systems would not function. If power grids were not shut down it could take ten years to restore the grid system. All government systems could crash. It is estimated that the cost to America alone would be up to \$2.6 trillion.

There is every likelihood that a Carrington Event could occur within the next few years.

## **Reversal of the Earth's magnetic field**

This has allegedly occurred several times and is associated with tsunamis, earthquakes and volcanic eruptions. Rapid reversals occur in as little as 80 years.

Magnetic reversals trigger ice-ages, according to recent hypotheses. Low field strength also increases UV rays.

The Earth's magnetic field is vital to protect us from solar flares and cosmic debris. If this field is weakened, disrupted or temporarily reversed and unstable we would be at the mercy of solar storms. According to NASA the Earth has lost 10% of its magnetic strength since the 1800s. However, we are now losing 5% per decade.<sup>188</sup> The southern magnetic pole has already left the continent of Antarctica.

Cosmic dust is a real problem. This is created, for example, by recurrent nova. It is now understood that we have failed to observe most of the supernovas in even just our own galaxy. There are many such explosions happening all the time, such as triggered by binary star connections. All these feed explosions of dust. Occasionally our own sun flares up (super flare or a micro nova) and emits dust and radiation. If clouds of cosmic dust and energetic particles penetrate our atmosphere they will cause cataclysms on the surface of the Earth. Such catastrophes occur every 10,000 years and one is connected to the global flood. They destroy civilisations.

## Cabal response

What does the Elite know? What is certain is that the mega-rich are developing deep underground bunkers in various parts of the world, such as New Zealand and Hawaii. Insiders are saying that food and water to last ten years are being stored. In the face of a cataclysm, surviving underground would be the best option. Mark Zuckerberg has spent \$187 million on a 1,600-acre patch of land in Hawaii. It incorporates a 5,000 square foot underground bunker complete with its own energy and food supplies. Clearly, those with money are making preparations.<sup>189</sup>

Historically, the Elite academic establishment has rejected catastrophism and smeared its proponents, especially Velikovsky. This was to safeguard Uniformitarianism,<sup>190</sup> which is crucial to establish Evolutionary Theory. However, recent astronomical research and scientific discoveries are now confirming many of the former hypotheses.

## A Biblical response

The Bible would support the science of catastrophism. The global flood alone is evidence of such a cataclysm.

However, regarding events connected to the end (eschatological catastrophism) we can say that cataclysms before the end are unlikely. There may well be signs leading up to a huge catastrophe but an extinction-level event is not going to happen before the end. At the very end, we know that there is going to be a cataclysm:

**But the heavens and the earth which are now preserved by the same word, are reserved for fire until the day of judgment and perdition of ungodly men. ... But the day of the Lord will come as a thief in the night, in which the heavens will pass away with a great noise, and the elements will melt with fervent heat; both the earth and the works that are in it will be burned up. ... ..**

<sup>189</sup> End Time Headlines, 'Bible prophecy is coming true as claims billionaires build huge underground bunkers'.

<sup>190</sup> A denial of catastrophism, claiming that geological processes have always been the same as observed today – a slow process.

the heavens will be dissolved, being on fire, and the elements will melt with fervent heat? Nevertheless we, according to His promise, look for new heavens and a new earth in which righteousness dwells. 2 Pt 3:7-13

And I will show wonders in the heavens and in the earth: Blood and fire and pillars of smoke. The sun shall be turned into darkness, and the moon into blood, before the coming of the great and awesome day of the LORD. Joel 2:30-31

The destruction of the Earth is contingent upon the return of the Lord Jesus in power and glory. After the Final Judgment the Earth is restored for the community of saints in fellowship with God. So, the Earth will not suffer an extinction-level event before this time; however, more minor cataclysms may occur; indeed, they are likely.

## **Warning**

Jesus warned us to look upwards at the end (Matt 24:27-30, 25:13, 26:64; Mk 13:33; Acts 1:11), to watch and be prepared during evil times. There will be signs in heaven at the end and believers should be the first to notice such things. These should be an encouragement that Jesus is about to be revealed and the end of all things is at hand, just as Jesus promised.

## What can be done?

They may successfully do evil with both hands -- The prince asks *for gifts*, the judge *seeks* a bribe, and the great *man* utters his evil desire; so they scheme together. Mic 7:3

He pours contempt on princes, and causes them to wander in the wilderness *where there is no way*. Ps 107:40

He pours contempt on princes, and disarms the mighty. Job 12:21

He takes away the understanding of the chiefs of the people of the earth, And makes them wander in a pathless wilderness. They grope in the dark without light, And He makes them stagger like a drunken man. Job 12:24-25

There is no hope for national leaders; they are corrupt, sold out to evil and completely incompetent. Hoping that the government system can be reformed is folly. Bothering with political parties is a waste of time.

There are two different strategies to be considered. The first is how to deal with the current situation which will last for some time (2026 if the Elite have their way; 2030-2050 if they follow their plan). This is before the full expression of the final evil empire. The second is what to do when the new world order is fully expressed.

## Stage One

The goal here is to reverse the direction of the social engineering strategies being imposed upon society. Replace lies with truth. Replace maladies with health. Replace factions with unity. Replace hatred with love.

These goals should be continued until the development of a new world order makes it impossible to continue.

## Watchmen

Watchmen were guards appointed by the authorities to patrol and identify trouble. They were set on the walls or mountains to seek potential threats to the city from a long distance or to walk the streets to identify internal problems.

The watchmen that go about the city. Song 3:3

I have set watchmen upon thy walls. Isa 62:6

The watchmen upon the mount Ephraim. Jer 31:6

In short, watchmen were signallers to identify trouble and threats from enemies and warn the people to prepare them.

In these days we need watchmen to do the work of identifying the real problems that threaten society and warn the people who do not see the threat.

As always there are false watchmen who lie, so care is needed about whom you trust. Identify trustworthy watchmen by examining their past record. Do not trust someone who calls themselves a watchmen as a badge of respect. We should call ourselves, 'workers' (2 Tim 2:15), 'servants' (Col 1:7), 'labourers' (Philem 1:24).

In various formats the Elite cabal is taking action to prevent what they call misinformation and disinformation. In other words they are scared about the rise of truth to confront their evil narratives. The more that watchmen can get the truth out into the open, the more we can shine a light on the evil of the people in power and dismantle their narrative.

## The power of the Lesser Magistrate

The Protestant Reformation, which brought liberty to the West, was also known as the Magisterial Reformation. This is not meaning a great or authoritative work but literally as the reformation of the magistrates (rulers) – the lesser power under princes, kings and emperors.

There is not one sphere of authority in society but several: the family, the church, the local rulers and the state. One should not seek power over another to pervert it. This is Biblical civics. Today we see the state taking over and perverting all the other forms of authority, and a higher cabal having power over the state.

**If you see the oppression of the poor, and the violent perversion of justice and righteousness in a province, do not marvel at the matter; for high official watches over high official, and higher officials are over them. Eccles 5:8**

The idea of a state church was universal in the 16<sup>th</sup> century and hard to overturn. However, the magistrates or lower authorities stopped the emperor from crushing the German religious reformation because the lower authorities protected it (Electors<sup>191</sup> in Germany and magistrates). Eventually it was agreed that those provinces where the lesser authorities affirmed Protestantism would remain Lutheran and those that chose Romanism would remain Catholic.

Thus the lower authorities under the Holy Roman Emperor changed the whole political and religious landscape of Europe because they held fast to their principles.

This was particularly tested in Magdeburg after Luther died which was besieged to make it reject Protestantism – but Magdeburg held strong. The lesser magistrates refused to accept the Emperor's demands and gained freedom for others too.

This led to the doctrine of the Lesser Magistrate which began in Magdeburg but was later developed by divines, such as Theodore Beza, and especially John Knox. This doctrine holds that when the superior power (normally to be obeyed) acts treacherously or unlawfully, it is to be resisted by the lower power to uphold God's law. Samuel Rutherford also defends this in 'Lex Rex' ('the law is king' or 'the law reigns').<sup>192</sup>

---

<sup>191</sup> Princes that elected the emperor.

<sup>192</sup> 'The law and the prince: a dispute for the just prerogative of king and people.'

A powerful illustration of this doctrine is the resistance of the Calvinist MPs in England who refused the totalitarian grasping of King Charles I (who claimed to be the law and to rule by divine right) who ended up being tried for treason and beheaded. They believed that law of God superseded the higher authority. Another example is when the lesser authority of the barons resisted King John which led to the Magna Carta.

In normal circumstances, the Christian is to submit to the higher authority as under God.

For rulers are not a terror to good works, but to evil. Do you want to be unafraid of the authority? Do what is good, and you will have praise from the same. For he is God's minister to you for good. But if you do evil, be afraid; for he does not bear the sword in vain; for he is God's minister, an avenger to *execute* wrath on him who practices evil. Therefore *you* must be subject, not only because of wrath but also for conscience' sake. For because of this you also pay taxes, for they are God's ministers attending continually to this very thing. Rm 13:3-6

But what happens when the higher ruler is not doing good but is acting treacherously? Well the Christian is not to rebel and react with violence. However, the lower authority who is placed there, also to supervise God's law in society, must act against the disobedient higher authority. He interposes, stands in the gap, between the evil higher power and the people in order to establish God's law ('I sought for a man among them who would make a wall, and stand in the gap before Me on behalf of the land', Ezek 22:30). This is what happened at Magdeburg. The Christian must then obey the law and submit to the obedient lower authority, even when it contradicts the higher authority. The Scottish queen stated that she feared the prayers of John Knox (a pastor and reformer) more than any army.

This principle of the Lesser Magistrate is being worked out in certain provinces in America (e.g. Michigan and Illinois) to reject the totalitarianism of the federal government. At the end of the day, the government can only rule down to the grass root level if all the authorities under it comply. When a local power refuses (e.g. a state governor, local town councils, county sheriffs etc.) then it has no power and either has to back down or get violent.

This is a major technique to release areas from bondage to Elite demands ruled through governments. If all the local powers interposed against global Elite policies, they would cease to have any power.

## Non-compliance

Christians cannot react with violence to illegal and ungodly legislation – but they can refuse to comply. If everyone refused to comply with unlawful, draconian measures then the establishment would collapse.

In the illegal Covid policies I refused to comply. I never wore a facemask.<sup>193</sup> I did not submit to social distancing. Friends visited me openly from other areas. I fellowshipped. I refused PCR tests (which caused much trouble in hospitals). I went into the countryside 12 miles from home with a friend. I attended a café on the beach for lunch. I also know a local vicar that never closed his church – nothing happened.

---

<sup>193</sup> Except one case where my children forced a mask on me to walk ten feet in a pub to get to a table for a meal. Even then I bitterly complained to the staff for this nonsensical measure.

When powers act contrary to God's law (and the British Constitution) it is the duty of believers to disobey.

## Build local communities

Decentralisation of everything destroys the power of globalist centralisation of power. No matter what the UN dictates, if your local community is centred around localism, community, fellowship, and caring, then the agendas of the cabal cannot function.

### Set up co-ops

- Grow your own food. This can be done even in a very small area, such as vertical growing of potatoes in tubes of chicken wire and straw.
- Those with large gardens could establish smallholding farming.
- Start storing all types of seeds (they will soon be outlawed and centralised).
- Start to learn about foraging to find natural sources of food.
- Trade your surplus of food locally in co-operative markets.
- Learn storage, smoking, curing, fermentation and pickling techniques to store food for the winter.
- Share local skills, such as sharpening cutting edge tools.
- Provide some produce for the poor.
- Develop training for children in gardening techniques on the job.
- Set up local seminars for teaching skills and sharing truth.
- Provide a truthful news service.

### Home schooling

It is vital to get kids out of the brainwashing education system. Those that are able should teach their children at home. Where possible, community centres should be set up to enable local teaching seminars and shared experience events. Hope Sussex is a great example of this.

It is absolutely fundamental to protect the learning of children and avoid the poison of the state system.

### Holistic medicine surgeries

Those doctors that are able should establish holistic health surgeries which frequently have far better treatment than the NHS.

For example, a friend was diagnosed with type-2 diabetes and was put on a regime of drugs and tests, which often result in a deepening crisis and amputations. Instead, my friend sought a holistic healer for advice and by chance came across the excellent Barbara O'Neil (who was banned from Australia, her homeland, for helping people get healthy). He followed her advice to just take cayenne pepper in a drink every morning. Within three weeks his diabetes had been reversed and the doctors were amazed. [Cayenne pepper is a very powerful healing herb that has many applications for health, including eyesight.]

### *Medicines*

Learn what our ancestors understood and find out what medicines are available in nature for free. Buy books explaining this before they are forbidden. Keep a store of essential items and learn how to store them properly.

## Communications

The complete control of the internet has begun with the recent On-Line Safety Act. In time, there will be no freedom on the internet for any dissenting view whatsoever. Communication will also be hindered by surveillance of emails, texts, messages etc.

To prepare for this, start to consider the following in your local community.

- CB radio communication.
- Issuing of paper documents, such as a local newsletter.
- Find old-fashioned printing machines of various sorts to run off multiple copies (e.g. monotype letterpress, spirit-based copiers).
- Make silk screens for posters.
- Local couriers to provide an urgent message service by hand.

## Economics

- Invest in gold and silver. Gold is useful for large investments but it is not liquid. Silver is much more liquid and useful for local purchases. Have various weights of silver coins. Currently an ounce (e.g. a UK Britannia) is worth about £30 (it varies),
- Diversify your savings.
- Hold multiple bank accounts.
- Get hold of paper documents for your property.
- Until it is banned, hold a store of cash.

## Churches

### Meet in homes

Faithful churches (there are so few) should start to take measures now to prepare for the coming persecution. Public meeting places should be abandoned (they should never have been used anyway) and churches should meet in homes. Break down congregations into home units that are not house groups but independent local churches.

Start training leaders now to become elders in these home churches. There should be at least two equal elders working as a team.

Teach the people Biblical church doctrine to prepare them for fellowshiping properly in the way that God intended – in open koinonia; body ministry. Churches have been run so badly for decades that this training is necessary. See my many papers on church matters for assistance in this.

Do not advertise or boast publicly about these home churches. They must operate underground in secret. The church is a mystery to the world. Make sure that converts are genuine before they join a local church.

Until it becomes impossible, several churches could assemble together in a larger unit to discuss pressing issues and thrash out solutions, as in Acts 15. Recognised didactic teachers could address such groups.

### **Establish charity community services**

The end is a time of deep contrasts. The upper echelons of society will be rich and live in luxury and affluence but the lower echelons will be serfs living in poverty. The local churches should all devote some of their time to establishing aid programmes for the local community. This could be food banks, or giving away food packages to known local poor and needy folk. Some might establish soup kitchens for the homeless (this number will massively increase).

Whatever is the need in your neighbourhood, the church should seek to address it as best as possible. It may be giving counsel to people suffering from various issues – always an opportunity for the Gospel.

Identify local elderly people that are Christians but are unable to attend church meetings through frailty and ill health. Establish a visitation service to encourage, assist and provide the Lord's Supper for such folk.

Provide whatever support is necessary for local young families in the assembly. These will face severe pressure in the end.

## **Withdrawal**

For those with money there is the possibility of completely withdrawing from the current society and retiring to isolated locations; preferably doing this in conjunction with others to found little villages in remote areas.

Ideal would be places, such as in Mid-Wales, where there is a local fresh water supply (stream, well, spring) within a woodland setting away from main roads.

What is essential, if you can afford it, is to get out of large cities, which will be where the worst events will happen in the near future. New York is already on the verge of complete collapse as are many other American cities. The more that the Elite seek to push everyone into urban areas, the more we should resist and get into the country.

## **Stage Two**

In this period freedom will have been severely curtailed and options become much more limited.

## **The Underground**

In every totalitarian society there is always a functioning underground in opposition to the established government. During the ten persecutions of the Roman Empire the early church met underground, literally, in catacombs under Rome and other cities. Elsewhere they met in forests and caves. In the Dark Ages under Romanism, dissenting churches met in isolated villages such as mountainous areas or places distant from large cities. Under Nazi domination Europeans established the resistance.

Churches will definitely have to meet in secret in hidden locations as they will be outlawed.

Those living in towns and cities will have very few options. As we saw in the Covid crisis, the police can immediately turn into a criminal Gestapo and violently attack any kind of dissent. In Australia the police invaded a domestic house in the early morning and arrested a pregnant woman in her pyjamas in front of her kids, handcuffed her and dragged her away. Her crime? She had posted an invitation to a demonstration on social media.

### **Secrecy**

Essentially, everything will have to be done in secret: praying, Bible reading, dissenting talk, searching for truth etc. Those living in isolated rural areas will have more freedom, for a while.

### **Food**

Until it is proscribed (leaders are already criticising this) growing your own food may be possible if you have stored seeds before they are globally licensed and genetically modified. Add good quality food that you have grown to whatever food the cabal will allow you to buy.

Natural medicines and foraging for food could be a strong boost for your health when food from stores will be utterly toxic and protein will only be sourced by insects.

### **Communication**

All safe communications will have to be by analogue methods; all digital systems will be fully surveilled.

## Conclusion

We are surrounded by some very serious problems that are escalating in intensity. For example, the threat of World War III is now very seriously possible.

Far from affirming that those with common sense and truth will win this year, the fact is that humanity is facing its worst dangers in millennia. People need to start understanding this and doing what they can. When people who know what they are talking about aver that most of humanity will not make it past 2025, we need to take note.

For instance supporting Andrew Bridgen's work in Parliament could help to expose the lies about the Covid vaccine and stop further mRNA vaccines being rolled out. This would save lives. Exposing the truth about the Israeli genocide in Palestine could help our government stop supporting this genocide. Mass calling for an end to unnecessary deaths in Ukraine could help produce a cease-fire instead of fanning the flames all the time. Exposing the corporate and banking fraud going on at all levels of society could help to bring about more equitable and legal systems to help the poor. When military conscription arrives, refuse to enlist. When illegal diktats are deployed, refuse to comply.

There are things that can be done.

But most of all you should prepare yourself in every way possible. This starts by learning the truth about all that is going on and stopping yourself from being a victim of deception.

The vital matter is to focus upon the truth. Only the truth can allow us to really understand our times and give us the background to make correct decisions. In the end the truth sends us to Christ – he is the absolute truth. Making the right decisions requires first getting right with God.
